REPLIES TO MANDAMUS PETITIONS

Rhode Island Governor Acts to Stop Strike

Attorney Albert S. Howard Frames Answers to Petitions of Mandamus Brought by Brown and MacBrayne

NEW MOVES IN WELCH REMOVAL

Howard's Replies to Be Presented to City Council at Conference

If Councilors Approve Replies Will Be Filed in Supreme Court Tomorrow

Considerable Interest Manifested as to Who Will Pay Cost of Proceedings

Replies to the petitions of mandamus brought by Mayor George H. Brown and Whiffred C. MacBrayne, temporary superintendent of police, against members of the city council, seeking to restrain them from taking any further action in consideration of the question of reinstating Redmond Welch as police superintendent, are being framed today by Albert S. Howard, who will present them to the councilors at a private conference set for 5 p. m.

If the replies meet with the approval of the council they will be filed tomorrow morning with the supreme judicial court at the Pemberton Square court house, at which place the petitions of the mayor and Mr. MacBrayne are returnable at 9:30 a. m. The mandamus action instituted by Mayor Brown and Acting Superintendent MacBrayne through the law firm of Trull, Wier & O'Donnoghue, far overshadowed all else on the municipal horizon.

METAXAKIS ENTHRONED

Ceremony Lacks Usual Splendor Attending Enthronements of the Past

CONSTANTINOPLE, Feb. 9. (By the Associated Press).—The enthronement today of the Most Rev. Meletios Metaxakis as patriarch of Constantinople lacked the splendor of similar former occasions, owing to the absence of representatives of the sultan's government and of the allied and neutral embassies.

The absence of the allied and American officials was explained as being due to the failure of the Athens government to recognize Metaxakis' election.

The patriarch drew a gloomy picture of the situation of Hellenism. He announced his intention of introducing church reforms and convoking the Holy Synod with qualified delegates from all the Orthodox countries of the world.

NOTHING NEW IN LOWELL MILL WAGE SITUATION

The notices reading "There will be a readjustment in this mill Feb. 13," posted in the various departments of the Bay State Corp. last week, are looked upon by the employees of the mill as being "mysterious," and tomorrow, so it was learned today, they will attempt to clear the mystery by having a committee wait upon the agent of the plant in an endeavor to ascertain just what is meant by a "readjustment of wages."

One of the employees of the mill stated today that he and his co-workers believe it is not right to post such notices, that if the company wishes to reduce wages, plain notices should be put out to tell our labor to the contrary," he continued, "and like in any other business we want to know just what the company will pay for such labor before we deliver the goods. It may be that the company is planning a new wage scale, gradually increasing to the nature of the work, but the plans of the company should be made known to the employees."

It is said that the committee that will wait upon the agent tomorrow morning will insist upon getting the desired information so that the matter may be discussed at the meeting of the Lowell Textile Council tomorrow evening. It was also stated that in the event of a refusal on the part of the agent to divulge just what the plans of the company are, a strike vote affecting the Bay State will be taken tomorrow night.

NORMAND NOTES ARE RECOVERED

Letters of Actress to Taylor Given to District Attorney's Assistant

Another Handkerchief Turns up as Clue—Await Grand Jury

LOS ANGELES, Feb. 9.—The centralized investigation at the district attorney's office of the enigma in the murder of William Desmond Taylor began today, after the alleged discovery and turning over to that official last night of the missing letters written to the director by Mabel Normand.

As District Attorney Woolwine is taking charge of the trial of Mrs. Madalynne Obenshain, for the murder of J. Milton Kennedy, William C. Dornan, his chief deputy, was placed in charge of the hunt into the Taylor case.

Although verification from Mr. Dornan is pending, it was said today.

SECRETARY DENBY CALLS OFF ORDNANCE WORK

WASHINGTON, Feb. 9.—Orders have been issued by Secretary Denby for the suspension of all ordnance work designed for the vessels affected by the naval limitation treaty signed at the Washington arms conference. The effect of the orders, it was said at the department, will be to lay off temporarily those employees who have been engaged on such work.

The yards covered by the order were those at New York, Philadelphia, Norfolk, Va., South Charleston, S. C., Mare Island, Calif., and possibly Boston. Approximately 1550 of the 7000 employees of the Washington navy yard were handed temporary furloughs without pay when they presented themselves today for work. Most of the men furloughed were machinists.

MAYOR AIMS TO OUST FRANCIS A. CONNOR

Another charter interpretation may bring a temporary nomination from Mayor Brown for the office of inspector of public buildings, now held by Francis A. Connor.

This information came from close friends of the mayor today, who stated that there is a loop-hole in Section 20 of the charter regarding administrative officers.

"They say that the mayor holds that this section, among many other things, provides for an 'inspector of public buildings,' which, according to his honor, is an entirely new office, inasmuch as he alleges that the former office was entitled 'inspector of buildings.' The insertion of the word 'public' makes all the difference in the world, the mayor contends, and, therefore, he is entitled to go ahead with a temporary nomination and oust the present hold-over incumbent in this manner."

Rhode Island Governor Requests State Labor Board to Name Committee

Mounted Police Prevent

Storming of Mill Gate—

Another Plant Closes

PROVIDENCE, R. I., Feb. 9.—Gov. San Souci today sent a request to the state labor board that it appoint at once a board of mediation and conciliation to try to effect a settlement of the strike of approximately 12,000 operatives in cotton mills throughout the state. The labor board announced that it would make the appointment this afternoon or tomorrow.

Early this morning, several truck loads of strike sympathizers from the Pawtuxet valley went to the plant of the Imperial Finishing Co., in Cranston and attempted to storm the company's gate. The chief of police with a squad of 20 mounted police armed with rifles drove the men away. No damage was done to the plant.

A demonstration by strike sympathizers at the Interlaken print works at Arkwright, resulted in the management closing down the plant this morning. It had been running with a much depleted force.

Assemble in Pawtucket

PAWTUCKET, R. I., Feb. 9.—Several hundred strikers and their friends assembled at the gates of the Jencks Spinning Co., today, and prevailed upon about 350 to join their ranks. The concern employs 2000 hands, 700 of whom have now, labor leaders say, gone on strike against reductions in wages.

MANSLAUGHTER CHARGE IS DISMISSED

Joseph Albert, a local underlayer, was discharged by Judge John J. Pickman in district court this morning on a charge of manslaughter. The case was based on an accident which occurred on Central street at Davis square last November, and the inquest failed to reach a decision on the question of criminal negligence. After hearing the prosecution's testimony this morning, however, Mr. Albert was immediately discharged.

BOLD DAYLIGHT ROBBERY Stockings Valued at \$55 Taken From Store in Lakeview Avenue

A bold daylight robbery was committed in the dry goods store of Miss Maria Fayre, 745 Lakeview avenue, late yesterday afternoon, when four young men succeeded in making their getaway with a lot of stockings valued at \$55. The thieves were followed for some distance by a brother of the storekeeper, Alberic J. Fayre, manager of Fayre Bros., but they finally slipped away and the police are now on the lookout for them.

Shortly after 4 o'clock four young men entered the store. Two of the party went directly to the proprietor and engaged her in a conversation. In the meantime the other two went to another section of the store and filled a suit case with women's stockings. The four then left the store and it was only after they were gone that the theft was discovered. Miss Fayre immediately telephoned to her brother, Alberic, and the latter, after getting a description of the party, started out on their trail and located them in Moody street. He followed them with the hope of meeting a police officer, but when a point was reached near Suffolk street, the four separated and started on a run in different directions. The police were notified although they scouted around through the district they failed to apprehend the culprits. The thieves are described as being between 22 and 27 years of age, neatly dressed and all wearing soft felt hats.

All Andover Sports Suspended

ANDOVER, Feb. 9.—All sports at Phillips-Andover academy were ordered suspended today as the result of a minor epidemic of gripe and colds among the students. Dr. Pierson S. Page, physical director and medical adviser, said that only a few of the 60 odd students afflicted, were seriously ill and that the action was taken as a precautionary measure. The order cancels a hockey match scheduled for today against the Harvard second team and the events of Andover Day at Yale Saturday.

FRECKLES AND HIS FRIENDS

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous I kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. ADRIAN TOMSHECK, 10557 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomscheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value. Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomscheck's experience should guide you towards health.

NO FIVE CENT ICE HERE

Price of Ice This Year Will Probably Be About the Same as Last

Lowell will not pay any more for ice this season than it did last year, and there is a possibility—just a possibility—that it may be a little lower in price. However, today when a Sun man called at the home of Miss Marina Gage, he was informed that prices for the 1922 season had not yet been thought of.

No price announcements will be made until about May 1, or a little earlier than that, possibly. Miss Gage did not care to prophecy now what prices would be. It was intimated that they would not be higher than last year.

It is claimed in other cities in New England, that the actual cost of harvesting this season's crop of ice was

about as large as it was a year ago, for many reasons, chiefly because of the price of labor, which is still about as high as it was last year at this time, and also because other harvesting expenses run about equal to those chalked up in 1921.

The campaign in several large New England cities to compel ice companies to sell five-cent chunks of ice when demanded by patrons, is not to be waged in Lowell, so far as known.

The Gage company announced today that no action has been taken by this concern to either assent to the five-cent ice legislation or favor it. Locally, ice vendors would prefer not to have to peddle ice in such small quantities. In an interview, Miss Gage said:

"I am not at all interested in the Boston five-cent ice action to repeat the five-cent cake law. Here in Lowell, we are not compelled to sell five cents' worth of ice unless we want to, and we do not practice that method of disposing of our product, except in rare cases."

"We do not like to cut up ice into tiny pieces, or a 'nickel's worth' as it is known. To be sure, there have been times when some of our ice men, full of sympathy for certain families and children, who desired a little ice and had only a small amount of money on hand, have sold broken pieces of ice and chunks from large cakes of ice and have given it to them for nothing. But, in the first place, our customers really do not get their money's worth buying ice that way, and again, it would mean extra work for our men to cut up small cakes for disposal this way."

The campaign in Boston to repeal the five-cent cake law has the support of the Boston Ice Dealers' association. Similar attempts were made last year, when a strenuous fight was made to repeal the law, but all efforts were defeated. Governor Cox vetoing the measure after it had sailed along through the usual channels.

The result of the latest bill now being pushed through the legislature, but without the help of the Gage people, let it be known, would repeal the present law by which the ice men of the state are compelled to sell five-cent pieces of ice when demanded by customers and sell \$1 strips.

ASSAULTED AND ROBBED

Highwayman Hit Sam Paul on Head and Took His Money

Samuel Paul of 5 Queen street is still at a loss to account for the mysterious assault of which he was the victim last Sunday night on Middlesex street, near School. A left eye severely bruised and inflamed, with several stitches in the eyebrow, and the left side of his face painfully swollen, is ample testimony that he was indeed the subject of a vicious attack. The absence of \$30, which he says was in the watch pocket of his trousers, is an indication of the purpose of the assault.

Mr. Paul states that on Sunday evening he entertained a friend, Peter Clement of Chelmsford, at his home in Queen street. About 10 o'clock Clement decided to go home and Paul accompanied him to the corner of School street, the nearest car-stop. When Clement had entered the car he decided, for some reason, to return home by way of School and Middlesex streets instead of the way he came with Clement, by Queen and Branch. He asserts positively that he was absolutely alone at the time. He walked down by the cemetery wall on School street, and remembers turning into Middlesex street, where the wall is somewhat higher. This, however, is the last he knew until he awoke in the hospital.

After receiving treatment at the hospital he was taken home, where, on examination, he found that the right shoulder of his coat—he was wearing no overcoat—was nearly torn away. He then discovered that \$30, which he had been carrying in the small pocket on the right hand side of his trousers, was missing, although a pocketbook containing \$10, in the back pocket on the left hand side, was

WANT CEREMONY AS NAVY IS SCRAPPED

WASHINGTON, Feb. 9 (by the Associated Press).—Administration officials are undecided as to suggestions that a veteran battleship of the fleet to be scrapped under the naval limitation treaty be sunk at sea with full military honors to symbolize ratification of the pact which will end competitive navy building among the five great naval powers.

The idea is known to have appealed to some high officers of the government as a fitting tribute to the old battle craft. It has impressed other officials as an undesirable and impractical course, however, and final decision probably will not be reached until the full program of disposing of scrapped battleships has been worked out in detail by technical experts.

In any case, one of the ships destined to be scrapped probably will be sent to the bottom by gunfire. The pre-dreadnought Iowa, now equipped for distant control by radio and successfully tried out in aircraft maneuvers, incident to the sinking of former German craft last year, is to be sunk by the fire of the fleet some time this spring. She was equipped for that purpose to be shot at as a moving, maneuvering target at sea, before the Washington conference placed her among the warship craft to be scrapped by the United States in reducing the fleet to treaty limits.

untouched, giving evidence of a hasty search.

Although the injury to Mr. Paul's face was very evidently caused by impact with some heavy instrument, much harder than the human fist, he has not taken any action in the matter, and says that the police have not called on him for his story.

FIRST CARNIVAL FOR U. OF M.

ORONO, Me., Feb. 9.—The first winter carnival at University of Maine opened tonight with an entertainment by the Dramatic and Musical clubs and a display of fireworks. It will continue through tomorrow and Saturday when the usual university activities will be suspended.

The new rink will be the center of attraction tomorrow afternoon, with exhibitions of fancy and stunt skating and a game of hockey with Colby's team, followed by a carnival ball at night. An elaborate program of sports will be given Saturday, including ski jumping, ski jumping, a snowball battle between the freshmen and sophomores, obstacle and snowman races.

WAR ISSUES SHOW UNUSUAL STRENGTH

NEW YORK, Feb. 9.—Unusual strength and activity were shown by United States war issues in the early stages of today's bond market. Liberty 3½s, tax exempt, rose \$1.20 per \$100 in the first hour. Other liberties were nominally better, but the 3½s, which are to be redeemed at par next June, sold off 12 cents to par.

WHIST PARTY BY LEGION AUXILIARY

Members and guests of Auxiliary No. 57, American Legion, are to hold a whist party tonight at 8 o'clock, in Memorial hall. These social affairs are always highly enjoyed by legionaries and members of the auxiliary, and the entertainment committee hopes to greet many members tonight when play is called.

CLAIM CHICAGO HOME OF 10,000 CRIMINALS

CHICAGO, Feb. 9.—Chicago is the home of about 10,000 professional criminals, according to estimates of the Chicago crime commission. The reason for such an unprecedented number of law-breakers here is ascribed by the crime experts to the slowness with which the wheels of justice are set in motion and the small number of convictions.

CANCEL DEBATE
CAMBRIDGE, Feb. 9.—The cancellation of a proposed triangular debate by Harvard, Yale and Pittsburgh, was announced today. Instead, Harvard will meet University of Syracuse on Feb. 25. A debate with Ohio Wesleyan on March 4 was also announced.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

MOTHER!

Your Child's Bowels Need "California Fig Syrup"

Dear mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child from the objectionable, bilious, feverish, fretful, bad cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

Needed at Dances And the Sea Shore

(Aids to Beauty)
Here is a home treatment for removing hair that is quick, painless and inexpensive. With some powdered pumice and water make a rough paste to apply over the objectionable hair, apply and after 2 or 3 minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not injure the skin, but to avoid disappointment, be careful to get real deodorant. Mix fresh as wanted.—Adv.

TAKES HOLD AND HELPS

Colds that "hang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Marie Heister, Preceptor, Ill., writes: "I had more or less of a cough for years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Children like it.

Spectacular Fire Last Even-

\$5000 Damage.

Fire which was for some time some-
what spectacular and which caused
damage to the amount of about \$5000
early last evening broke out in a four-
story brick building at 36 Gorham
street, owned by George K. Toplan.
Chief Saunders states that the fire
started in the collar of the Johnson
shoe store, which is on the ground
floor of the building. Huge volumes
of smoke penetrated to the upper
stories of the building, and the smoke
flames cut the occupants of the
off from escape. The speedy

TRUCK BACKS INTO POND WITH CHAUFFEUR

Chauffeur Charlie Brown, of the John Brady coal and wood concern, on Church street, took a premature bath Wednesday afternoon just three days ahead of time when a loaded five-ton truck he was backing onto thin ice on a little pond off Quebec street, suddenly broke through and sank to the bottom of the pond in several feet of muddy water. Charlie's plunge into this February mixture of broken ice, mud and water might have ended his career on the Brady coal and wood truck had the truck not landed on all four wheels at the bottom of the pond. Charlie has started to dump a load of cinders.

The chauffeur held his breath and bounded up through the water to the top as soon as he could wriggle out of the truck seat and find room to make the "paddle climb." Then, being only a few feet from shore, he shook some of the water out of his eyes, ears and throat and blinked for help.

It happened that Peter Kenney, well known as right hand for the J. J. Prindiville Co., contractors, was where he could be found quickly and to Mr. Kenney the John Brady people give most of the credit for the prompt recovery of the heavy truck from its submarine expedition to the water world below. It took five big trucks, lots of ropes and tackle and a derrick besides to haul the monster from the depths of the pond hole. There was no great damage done, and even Charlie Brown has escaped pneumonia thus far. The Brady people give full credit to Kenney's quickness in wriggle out of his non-scheduled mid-week bath and notifying Kenney.

INVESTIGATING THE WATER DEPARTMENT

The board of public service began an investigation of the water department this afternoon in order to check up the statements and recommendations of the inventory committee's report on that department. The board met in the office of the engineer today to approve monthly bills.

RHEUMATISM

Remarkable Home Treatment Given by One Who Had It

In the year of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who are thus afflicted know, for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them 70 to 80 years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the best of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of ridding you of such forms of rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied and address and I will send it free to try. Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

and determined action in Ulster is not surprising. The patience of our people there has been sorely tried lately by continued raids, arrests and tortures inflicted upon them by agents of the northern government.

"The majority of those in prison in Belfast and Derry are suffering because they carried out my orders while I was liaison officer—to protect the lives and property of Catholic civilians from the ravages of Orange mobs when those who are entrusted with law and order refuse to give protection."

The statement concludes: "Let the northern government immediately release our prisoners. We have shown by our actions our desire to have peace, let the north show by similar actions that they desire to have peace. Granted this, none will believe there would be difficulty in finding a common ground."

"The feeling of 'concern and regret' by Premier Craig of Ulster over the raids will be shared by every friend of Irish peace," says the Irish Times this morning. "These shootings and seizures were heart-breaking acts of folly and wickedness. The situation may be saved yet, and all good Irishmen ought to lend aid."

King George of England to Give Away Princess Mary in Westminster Abbey

PRINCESS MARY AND THREE VIEWS IN WESTMINSTER ABBEY. WITHIN SHE WILL BE MARRIED.

LONDON, Feb. 8.—Westminster Abbey, the greatest and one of the oldest shrines in all Britain, is to be the scene of the wedding of Princess Mary, daughter of the sovereign of England, to Viscount Lascelles. And already the sounds of the hammer and the saw are to be heard where usually there is the intoning of the choir and the thunder of the organ.

For the first time in 60 years the abbey is to be the scene of the wedding of a child of the British sovereign, in that time more history has taken place in this wonderful building than in any other in the world.

Kings have been wedded, crowned and buried here.

Many of the greatest captains that ever led British armies and many of the greatest poets have found a last resting place here. The abbey is the last resting place of Britain's unknown soldier who fell in the great war.

Large as the church in its seating capacity, for a great event is comparatively limited.

King to Give Daughter

No seat will be provided for King George, as he has announced his intention of giving his daughter away in person. He will therefore escort her down the nave to the altar and stand beside her until the time comes to hand her over to the bridegroom.

As a show it will probably be the most gorgeous London has seen since the coronation of the king. The streets from Buckingham palace to the abbey will be gaily decorated and will be lined with troops in all their gorgeous pre-war scarlet with gigantic bearskin husbies. Invitations have been issued to the king and queen of Italy, Belgium, Spain, Romania, Sweden, Denmark and Norway.

In Open Carriage

The princess hopes, weather permitting, to drive to the church in an open carriage.

Princess Mary, during the wedding ceremony, will use a beautiful Church of England prayerbook which is being specially printed and illuminated for the purpose. A beautifully woven altar cloth of pure white silk will be used on this occasion. This belongs to the queen.

Push For Tickets

The princess bride expects to enter by the great west door and walk down the entire length of the great nave. Therefore carterers are now at work erecting platforms in the nave where some two thousand invited guests will be seated.

The scramble for tickets to these places has already started and thousands who think they ought to get places will be bitterly disappointed.

The church will be reserved for the members of the royal family and the representatives of foreign powers, among whom will be our ambassador, George Harvey. The church on which

Return of Few Early Report Continued

Major Miles of South Down, one of the prisoners taken by the raiders of northern Irish counties yesterday, returned to his home today. Others from the same area are reported to have been released.

Sir Dawson Bates, the Ulster home secretary today, addressed a further stronger remonstrance to the viceroy about delay in releasing the kidnapped unionists and demanding that they be set free immediately. Sir James Craig, the premier, also made similar representations to the British cabinet.

The wife of Ivan Carson, former high sheriff of Fermanagh, who was kidnapped Wednesday, received a letter from him today. The letter, which bore no address, said the writer was well and had no cause for anxiety. It develops that he is a relative of Lord Carson, the former Ulster leader, and commanded a patrol of specials in the Fermanagh encounter with the raiders.

Made Great Preparations

It develops that large numbers of trees were felled over a wide area apparently in preparation for the raiding operations and that many trenches were dug along the Fermanagh and Monaghan borders. The raiders, however, were engaged in them.

Ulster's frontier was virtually a line of steel today following the raids yesterday in which many unionists were kidnapped. From Portadown, County Armagh, to Belleek, on the German border, the roads leading southward from Belfast today presented scenes of activity, motor trucks and armored cars bearing the so-called "A" and "B" specials toward the border. Accompanying them were other trucks with stores and ammunition.

High tension prevails at all points. Strangers traveling through the six counties are subject to the closest scrutiny and in some cases are halted and interrogated.

No communication was possible with Enniskillen today in consequence of the wires from this city being cut by the raiders. The roads leading southward from Belfast today presented scenes of activity, motor trucks and armored cars bearing the so-called "A" and "B" specials toward the border. Accompanying them were other trucks with stores and ammunition.

The number of men held captive is placed at the Northern Whig newspaper, which adds: "They are being held at the mercy of men who, as the events of the last two years have shown, are capable of atrocities as vile as any that Bolsheviks or bandits have ever committed."

Witness Fitzgibbon is as powerless to prevent the rapid spread of anarchy in the south or to protect the peaceable people on either side of the boundary from the roving banditti who call themselves soldiers of the Irish republican army, as the youngest child in Dublin. Whether Michael Collins is in a position to intervene more effectively, is doubtful.

Believe Fire Not Accident Continued

of some activity on board the vessel before she left her berth at Brooklyn.

An attorney for the Sun Shipbuilding Co. was here today for the purpose of obtaining sworn statements from the crew. The men had been warned to say nothing.

Captain William Lust, master of the ship, today declined to make any statement regarding the disaster which cost the lives of four men, employees of the Sun shipyard of Chester, Pa.

The steamship Transportation, which docked here, brought with it 22 survivors of the Northern Pacific, picked up from three lifeboats. Five other survivors, all of the ill-fated steamers skeleton crew except the four men believed to have been lost, were taken on board by the steamship Wylie now at Old Point Comfort.

One of the crew of the Transportation described the fire scene as "horrible and beautiful."

Some of the men who had left the burning ship declared the flames were first observed just at the second funnel. "No one seemed to know how the fire started but with the stern windward the fire spread rapidly and all hands were forced to take to the boats quickly."

No one on the Transportation early today held out any hope for the four men of the Sun shipyard: Mallett, Kruger, Beckman and Hall, who were aboard the Northern Pacific. Members of the crew say they were warned near where the fire broke out.

Capt. Lust is said to have warned his men that the shipping board orders prohibit their telling anything of the accident.

When Lust was asked concerning reports that the ship might have been "fixed" before she left her berth, he quickly demanded to know the origin of the report. On being told that it could not be traced to its source, he declared he must decline to answer any and all questions.

What Lust's confidential report to the shipping board was in course of preparation today.

Government to Investigate

WASHINGTON, Feb. 8.—An investigation of the circumstances surrounding the fire which yesterday destroyed the former army transport Northern Pacific off the New Jersey coast, was understood today to have been instituted by the government.

NEW AUTOMOBILE POLICE PATROL

Mayor George H. Brown will favor the purchase of a new automobile police patrol and a small touring car for police inspectors when the estimates of that department come to him for consideration.

Acting Superintendent MacBryno wants a patrol that will make at least 50 miles per hour and of a size sufficient to hold 10 or 12 men.

"We have not been able to use the old Ford patrol at all this winter," said Mr. MacBryno today, "and that leaves us without a patrol in the department and forces us to use two touring cars."

Wireless Telegraphy Big Aid
in Suppressing Revolution
in Mexico

MEXICO CITY, Feb. 8.—Wireless telegraphy has contributed greatly to ending down revolution in Mexico and the government, recognizing its value in establishing stations in every large city in the republic.

Officials assert that by using the wireless they are able to communicate directly and immediately with military headquarters and thus are able to send off many ineffectual uprisings which might grow into serious revolutions if not promptly checked.

In the old days the first thing a band of rebels did was to cut all telegraph and telephone wires, thus isolating the region of revolt. In its station at Chapultepec Park near the Mexican government has one of the largest and best equipped plants in the continent. During the Carranza administration the station was practically idle but during the past few months it has been used daily by the government in sending official news letters to Central and South American countries and in keeping its ministers and consuls informed of affairs at home.

It has been announced that the gov-

ernment expects to open the station shortly for commercial work.

It has also been found that the station here can be used as a supplement for the land wires throughout the republic and congestion on the latter is often relieved by the Chapultepec plant.

WINS DIVORCE AND LOSES IT

TAUNTON, Feb. 8.—Judge Lumsden, sitting in the divorce court session here yesterday, revoked a decree of divorce granted Mrs. Mildred R. O'Keefe of New Bedford, from James B. O'Keefe of the same city, which had been brought on the grounds of cruel and abusive treatment, when Mrs. O'Keefe was named co-respondent by Mrs. Helena R. Moquin of New Bedford in her suit for divorce against Alfred J. Moquin.

Mrs. O'Keefe testified that she married her husband in 1919 after knowing him for two weeks, and that he had been drunk most of the time since and had beaten her. Her testimony was corroborated by her mother. No one appeared against her and the divorce was granted. She left the courtroom immediately.

A few minutes later her name was mentioned as co-respondent in a divorce suit brought by Mrs. Helena Moquin, alleging a statutory offense committed by her husband and Mrs. O'Keefe. Mr. Moquin appeared in court for a few minutes, but left hurriedly when the attorney for Mrs. O'Keefe whispered in his ear.

Mrs. Moquin brought out court records to prove her allegations, and the judge granted the divorce, gave her custody of her child and allowed \$4 a week alimony. In granting the divorce, he also revoked the divorce given Mrs. O'Keefe.

Hundreds Of Thousands Are Taking Yeast Vitamins—They May Be Just What You Need—Get a Free \$1.00 Package of Genuine Yeast Vitamine Tablets From Your Dealer Today as Explained Below. Try Them For Ten Days and Watch The Results

Science now shows why we may sometimes grow weak, thin and emaciated upon an abundance of food (lacking in Vitamins) while with a much smaller amount of food, rich in Vitamins, we very quickly take on good, firm flesh, increase in weight and make a remarkable gain in strength, energy and endurance, provided, of course, that our blood contains a sufficient amount of oxygenated organic iron to enable us to assimilate our food properly. Without organic iron, both food and Vitamins are absolutely useless as your body cannot draw life from food into its cells and tissues unless you have plenty of organic iron in your blood. This organic iron takes up oxygen from your lungs. This oxygenated organic iron with your food and food as it is absorbed into your blood is the united force which gives you energy and vigor and creates tremendous power and energy. Without organic iron in your blood your food merely passes through your body without doing you any good. Therefore, in practically every case where Vitamins are necessary, organic iron is also necessary.

For centuries scientists tried in vain to produce organic iron. At last the problem was solved, so that you may now obtain pure organic iron from any drug store under the name of "Nuxated Iron," which is ready for immediate absorption and assimilation by the blood the moment it enters the system. If you merely wish to gain greater strength, energy, vigor and endurance we recommend that you take Nuxated Iron only. DO NOT TAKE VITAMINS UNTIL YOU WISH YOUR WEIGHT INCREASED up to what a person should normally weigh. We do not claim, however, that Vitamins will put flesh on everybody. Some people are naturally too thin and will probably remain so in spite of Vitamins and every other aid.

Those who wish to gain principally of meat, fish, poultry, meats of various kinds, fish, potatoes, tinned fruits and vegetables and eaters are likely to suffer from under-nourishment and a weakened physical condition due to a deficiency of both Vitamins and organic iron. In such cases both Vitamins and Nuxated Iron should be taken.

Arrangements have been made with the drugists in this city to give every trader a large \$1.00 package of Genuine Yeast Vitamine Tablets, absolutely free, with every bottle of Nuxated Iron that you purchase. Be sure to take only "Nuxated Brand" Yeast Vitamine Tablets, pure and unadulterated, with Nuxated Iron. Do not be misled by imitations which often contain drugs. WAMESET GARAGE CO.

One of the very strong points which the Wameset Garage Co. makes in regard to its cars and trucks, is that everyone interested is entitled to a real demonstration, not a mere spin around some of the city streets. This progressive concern, of which R. G. Newman is manager, is showing the wonderful Lexington car with blue ribbon Ansted engine; the Franklin, a better car for the money than ever before, and the White truck, used by many of Lowell's larger business houses. Now, the idea of the Wameset Garage people in regard to a demonstration is the simplest one that a car or truck might be put to under ordinary conditions and to that end they are at the call of any prospect to test the products in any manner within reason.

CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat Too.

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this: Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more yawning or snuffling. Count 50. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Adv.

Battleship Celebrates 123-Year Victory

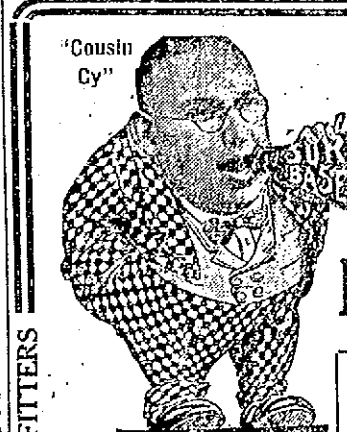

NEWPORT, R. I., Feb. 8.—The old frigate Constellation, now swinging idly at moorings at the naval training station here, was dressed today in her battle flags in commemoration of the anniversary of her first battle 123 years ago, which, like all others, she won. Captain Frank Taylor Evans, commanding officer of the station, directed that flags be raised at 12.30 and lowered at 4 o'clock, the time of the display corresponding with the hours of the engagement. The Constellation, under command of Captain Thomas Truxton, met the French frigate L'Insurgente on Feb. 9, 1799, off the island of Nevis. The Frenchman surrendered.

"STORE AHEAD"

DIED BUT FEW HOURS APART

BOSTON, Feb. 8.—Mrs. Mary Lewanowski, 38, and her daughter, Mrs. Sophie Kowalska, 19, died within a few hours of one another at City hospital yesterday. The daughter's death being attributed to influenza, while that of the mother will be determined at an autopsy today.

Two other members of the household at 2 Sayward place, South Boston, are also in hospital, seriously ill. They are: Walter Smolonski, 29, who is at the Cambridge Street hospital; and Stanley Lewandowski, 42, husband of the dead woman, who is at Carney hospital.

As a result of the deaths of the two women the apartments have been quarantined on orders of the health department. Their illness proved a puzzle to physicians at the hospital, with the result that physicians representing the city and state began an investigation.

ROBBED AND PLACED ON CAR TRACKS

RUTLAND, Vt., Feb. 8.—The theory that Charles Colley, who died at a hospital here yesterday, was knocked unconscious, robbed and placed on the street car track so that a car would hit him, was advanced by authorities here last night. State Attorney C. E. Novak ordered an inquest.

Colley was struck by a trolley car in West Rutland last Saturday night. According to the authorities he had drawn his wages as a lumberjack that day, but had no money on his person when picked up after the accident. He was 19 years old.

FOREIGN EXCHANGES AGAIN SHOW ADVANCE.

NEW YORK, Feb. 8.—Covering of speculative commitments accelerated another advance in leading foreign exchanges today. During the morning, demand bills on London rose to \$1.38 1/2, an overnight gain of 1 1/2 cents. French, Italian and Belgian rates also were substantially higher.

United Kingdom issues of 1922 and 1923 registered new high quotations for the year and French and Belgian governments were strong with French municipals.

A First-Class American Mother Who Is a Native of Italy

She Tells How She Keeps Her Boys At The Head Of Their Classes During the Winter

Mrs. Mary Zeboli is a native of Italy and true to the motherland in many ways, and yet she is a thorough-going American, and proud of her American-born sons. She resides at No. 4 Carlton Street, Cambridge, Mass. Like all mothers, she experiences the sorrows and troubles that come from having her children afflicted with colds, sore throat and so on. She has two fine boys, and she says:

"My boys used to lose a good deal of time in bad weather from coughs and colds that made them unfit for school, from which they suffered greatly, and of course I suffered with them. A couple of years ago I was told about Cerizane, and it certainly is the greatest cough balsam ever made. Ever since I learned of it, I have given it to my boys whenever they have any form of cold. It loosens hoarseness right up, allows them to raise the phlegm that seems to choke them, and I may truthfully say that Cerizane really keeps my boys at the head of their class in school."

"I have also used it myself very successfully, and recommend it to any one suffering from any form of cough, colds, pain in chest, or headaches from colds." All progressive druggists sell Cerizane.

MYSTERY WITNESS

Claire Windsor, movie actress, will be an important witness in the unravelling of the mystery in the murder of William D. Taylor, director. She told police she heard Taylor make a threat against his former secretary.

ENLISTMENTS FOR MARINE CORPS

WASHINGTON, D. C., Feb. 8.—The marine corps has again opened its ranks to re-enlistment from the army and navy and also to the acceptance of men who have had no prior military service. In recent months enlistments in the marine corps were restricted exclusively to former marines, although men with excellent records in the sister services have been applying at the recruiting offices for the honor of "doing a hitch" with the leathernecks.

A fixed quota of 600 recruits has been set by Major General John A. Lejeune, commandant of the corps, and this comparatively small number will enable the recruiting officers of the corps to continue the policy of hand-picked selection from the applications that will follow the removal of the past restriction.

Y. M. C. I. MINSTRELS TO REPEAT SUNDAY

Tickets for the presentation of the Y.M.C.I. minstrel show and entertainment, which is to be repeated at the Opera House next Sunday afternoon and evening, went on sale this morning. Indications point to even larger crowds at these performances than that which witnessed the first presentation of the annual revue several weeks ago in Associated hall. The same cast which appeared in the original production will take part in the two performances Sunday and will include Dorothy Nolan, Theresa McCarron, Doris Conley, Edward Donohue and Thomas Kelly as soloists. The ends will be Frank McCarroll, Edward Cawley, Charles J. Keyes, Paddy McGuire, Frank O'Neill, Joseph Graven and Francis Lynch. There will be a chorus of more than 100 young men and women.

MANY OFFICERS ON UNEMPLOYED LISTS

NEW YORK, Feb. 8.—There are 12 ex-majors of the American army and five ex-commanders of the navy among the 7500 jobless service men still registered with the city employment bureau. Other jobless include 27 captains and nearly 100 lieutenants.

"The Prodigal Judge" Leads "Bigger and Better" Films

MACLYN ARBUCKLE, HERO, AND JEAN PAIGE, HEROINE, OF "THE PRODIGAL JUDGE."

BY JAMES W. DEAN
NEW YORK, Feb. 8.—Producers promised "bigger and better" pictures for 1922. With one month gone, they are well on the way to keep their pledge.

"The bigger and better pictures have predominated in the early releases. Among them are "Orphans of the Storm," "Foolish Wives," "Turn to the Right," "One Glorious Day," "Three Live Ghosts" and "The Prodigal Judge."

One might also include both the Paramount and Vitaphone versions of "The Little Minister." The merit of some in the above list has been more in their "bigness" than in their "betterness."

"The Prodigal Judge," the latest of the group, is both bigger and better. It is replete with thrills, kidnapping, murder, duelling, incendiary fire, household caught in swiftness, rapid and other blood-tingling episodes.

The unusual feature of this is that the thrills seem to be woven into the natural pattern of the story without breaking into the romantic sequence. Several notable characterizations also claim attention.

All in all, Edward Galt has done an extraordinarily skillful job of directing. Maclyn Arbuckle in the title role proves himself a master of the minstrel art. He has been few performers in similar roles as completely and artistically done.

MANY ACTORS OUT OF WORK IN COUNTRY

NEW YORK, Feb. 8.—(By the Associated Press) There are today more unemployed actors and other stage people walking along Broadway and a hundred main streets looking for jobs than ever before. Everybody in Times square who knows anything about the theatre, from the cut-rate ticket hawk to the producer of a dozen hits, is complaining.

The tailors, landladies and boarding-house owners seem to feel the hard times as acutely as the actors.

Several well-known managers estimated today that half of the 15,000 actors in the United States, exclusive of vaudeville performers, were out of work.

Movie Beauty Gains 10½ Pounds in 22 Days through IRONIZED YEAST

ANOTHER startling evidence of Ironized Yeast's value as a weight-builder! In a test conducted under the supervision of a registered physician, Miss Dorothy Byrne, pretty artist's model and movie beauty, gains 10½ pounds—in only 22 days! Miss Byrne's measurements, taken before and after the test, are given below.

A striking example—yet by no means an exceptional one. For it is not at all unusual for thin, nervous, over-worked or run-down folks to gain five pounds and more on the very first package of Ironized Yeast!

Results in Half the Usual Time!

Ordinary yeast vitamin preparations have in many cases been known to bring good results. But thousands now know that Ironized Yeast, the scientifically correct vitamin tonic treatment, brings results often in just half the usual time!

One reason for this marked superiority is that Ironized Yeast, besides containing just the right amount of all three essential vitamins, contains a type of yeast which has positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

Yeast Best When Ironized

But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly.

Watch the Quick Improvement

You will certainly be amazed at the quick improvement IRONIZED YEAST shows in you. Note how it immediately increases your appetite and how quickly you begin putting on good firm flesh. See how quickly pimples, blackheads, etc., disappear and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset your stomach. Special directions for children.

Money Back Guarantee

IRONIZED YEAST is sold at all drug stores on a positive guarantee that the first package will bring satisfactory results—or your money instantly refunded. Or mail coupon for the amazing Three Day Free Trial Treatment. In either case you do not risk a single penny to learn of the wonderful benefits Ironized Yeast holds for you. Get it today!

MYSTERY CASE IN BROCKTON UNSOLVED

BROCKTON, Feb. 8.—Relative of a Beachside, aged 18, of 69 North street, who has led a dual existence for the past 10 weeks, most of time being in a subconscious condition, have determined to their satisfaction that a young Greek shoe-maker who worked at the bench next to young woman before she was taken with her strange malady, is no way responsible for her unusual condition.

While she was in a condition of the young woman mentioned Greek and in such a way that her eyes thought she might be under spell in some way. Her brother, a Beachside, finally located the man and brought him to the side of his sister. Her actions, both when she was unconscious and when she was apparently herself a few minutes later, satisfied the relatives that young man was not responsible for her condition.

Yesterday when Clara passed almost normal day, being awake at the time, she has passed into unconscious state. Her brother once needed in awakening her, as did Harry Sawyer, who first broke the spell and again performed the feat today.

The case is now as mystifying as it has been for several weeks. Nearly a score of local physicians and one Boston specialist have examined the girl, they are all at a loss to account for her condition. She talks in her sleep and even walks twice having to be taken to the street. When she awakes remembers nothing of what she said or done and during those periods she is as normal as any young woman of 18.

DONSHINE STILL SEIZED BY POLICE

Brand new still is on exhibition at police station today, the result of raid in the neighborhood of Marion street last night in which Federal Officer Harry Sheldon and two of the liquor officers participated. It is of the latest wash-bottle variety, nicely sized, and does not look as if it had been in use very long. Costas Gracich appeared in court this morning in connection with this raid.

Another interesting exhibit is in the city's office, a cash register strongly stamped of the old days when registers whose sale is now prohibited, did be bought by the glass of by assure. The register has the usual keys up to \$5, and in addition keys for 1/2 pint, pint, quart. As there is no use for such a fixture under present conditions, it will probably be traded or turned over to the manufacturer for remodeling.

ESTABLISHED RECORD AS SCHOOL TEACHER

BARTLAND, Me., Feb. 9.—John A. Alken, 77, who had hoped to round up three score years as a public school teacher, died today, one year short of his goal. This, however, was leveled to be a state record for continuous service.

Alken, 22 years he had been principal of Staples school, and for 26 years was principal of the evening school. He had been ill less than two weeks. He was born in Parsonfield.

NURSE HELD FOR GRAND JURY SESSION

BOSTON, Feb. 9.—Mrs. Elizabeth Gayton, assistant superintendent of a state hospital here, who is charged with wearing Red Cross insignia while wearing Red Cross insignia, was held today and was held for the grand jury. She was released on her own recognizance.

Mrs. Gayton is alleged to have obtained positions as nurse in various parts of the country through forged references.

New Move in Welch Removal

Continued
the new proceedings, however, and that is the emphatically expressed resentment on the part of the members of the city council that the mayor and Mr. MacBryne should attempt to terminate their consideration of the evidence now being presented at the public hearings on the matter of the Welch removal.

Inasmuch as Mr. Welch is vitally interested and affected by the mandamus proceedings, it is very probable that Quinlan, Howard & Rogers, attorneys for the deposed chief, will also represent him.

In some French rural districts 50 per cent. of the inhabitants own their homes.

sent the city council in the supreme court tomorrow before Justice Jenney. This will not be decided definitely until after tonight's conference of councilors, but Albert S. Howard said this noon that he will represent several of the councilors as individuals, but did not know whether or not some other lawyer would represent the council as a whole.

It is probable that the whole council will go to Boston tomorrow morning, despite the fact that it is said that it is not absolutely necessary, provided that they are represented by counsel. The plan now, however, is that all will go, probably on the 7:56 a. m. train. Mayor Brown and Mr. MacBryne will make the trip by automobile.

The question being asked by council members today is:

"Who is going to pay the council retained by the mayor and Mr. MacBryne?" and the information coming from the councilors was to the effect that they would fight to the limit any attempt to make the city bear the expense.

When John M. O'Donoghue, of the firm of Trull, Wier & O'Donoghue, was asked today how he happened to be retained by Messrs. Brown and MacBryne, he replied that he had been in conference with City Solicitor Edward J. Tierney and that inasmuch as the latter had expressed a feeling that the entire proceedings seem to constitute an inter-family affair, and one not to be handled by the solicitor, himself, he had been retained by the two petitioners.

The entire action is being brought to test the right of the mayor to suspend

plant holdover administrative heads of departments by making temporary appointments, the mayor holding to the belief that he has the right, under the provisions of the charter, so to do and that said temporary appointees automatically serve as "outsiders" of the holdover officers. He further holds that he does not interpret the charter to say that he is required to prefer charges against holdover officials.

It is the mayor's interpretation that all administrative heads were, without tenure of office after 10 a. m. on the first Monday of January, 1922, and that at the present time such holdover heads simply are occupying their respective offices.

On the other hand there is Section 15 of the charter, which reads as follows:

"At 10 o'clock in the forenoon of the first Monday of January, 1922, the term of office of the present mayor, aldermen and school committee shall terminate. The term of office of the present city auditor, city solicitor, chief of the fire department, superintendent of police . . . shall terminate at 10 o'clock in the forenoon of the first Monday in January, 1922. They shall continue in office, however, until their successors have been appointed, confirmed and qualified."

If the supreme court should rule that the writs of mandamus shall issue, that will automatically bring the Welch hearings to a close. The next session is scheduled for 8 o'clock tomorrow night, at which time counsel for both sides had been instructed to present their closing arguments. If the writs are denied, however, the council undoubtedly will lose by time in voting to reinstate Edmund Welch.

JAILED FOR TRYING TO VOTE ILLEGALLY

BOSTON, Feb. 9.—Because he admittedly tried to vote under the name of William Griffin at Tuesday's special election in South Boston, Thomas P. Dineen of 3 Bellflower street, No. 12, was given a six months' sentence in the House of Correction yesterday by Judge Day of the South Boston district court. The convicted man appealed.

Dineen, it is said, has admitted that he received \$1.00 to enter the polling booth in the South Boston high school and cast a ballot. His vote was challenged, with the result that he was arrested. Griffin, who arrived at the booth a minute after the arrest, was unable to vote.

LOWELL IRISH HISTORICAL SOCIETY

There will be a special meeting of the Lowell Irish Historical Society in Memorial hall Sunday afternoon, Feb. 12, at 3 o'clock. Important matters are to be considered, and a full attendance is requested.

MacBRYNE WILL CENSOR PICTURE

Acting Superintendent of Police W. C. MacBryne said today that he will censor the picture, "The Night Rose," being shown the latter part of the week, at the Strand theatre. "The picture was ordered stopped in other cities, I understand," said Major MacBryne, "and I shall take the same steps here if need be."

WILL APPOINT MOSKOW
It was stated today in the office of Mayor George H. Brown that the mayor would appoint Hugh C. Moskow as chairman of the board of election commissioners within a very few days. The charter does not provide any confirmation on this appointment, which may be made any time after Feb. 1.

Normand Notes Recovered

Continued
an was not obtainable, the Los Angeles Times published today a statement that the Normand letters, with several telegrams, were in the hands of Mr. Doran.

Miss Normand, who once searched the Taylor apartments for her letters and who is said to be ill, has been quoted as saying her only desire to regain possession of the letters was founded on a fear that some of the pictures in them would be misunderstood. She said she felt a strong friendship for the director, but there had been no serious love affair between them.

A second handkerchief found its way into the investigation when, about the same time the detectives said they found the letters in a box in a closet in the Taylor apartments, Henry Peavy, Taylor's negro houseman, suddenly found a handkerchief bearing the initials "M. M."

A handkerchief previously reported found near the body shortly after the murder was discovered but since said to be missing, was alleged to have borne the initials "M. M." It is regarded as improbable that a complaint charging murder will be issued against any person in connection with the case until the affair has been presented to the county grand jury, which has not yet been impaneled for 1922.

Meantime, although the sheriff's deputies profess to scout the theory that Edward P. Sands, former butler-secretary for Taylor, can throw any light on the case, the police detectives remain firm in their announced belief the mystery will not be solved until he has been found.

MALL CHANGE IN CORONATION

pe Pius XI Foregoes Ceremony of the Facade Owing to Weather

Old Wave Will Prevent Thousands From Seeing Exercises on Sunday

ROME, Feb. 9.—(By Associated Press)—The cold wave, which is the great in years, accompanied by a considerable fall or snow, has forced a cancellation of the coronation ceremonies Sunday, when Pope Pius XI would receive the triple crown.

will necessitate the passing of the triple crown in the basilica without the customary ceremony of the facade, which is the large bronze door, when Pius XI will receive the triple crown.

London, Liver and Bladder Troubles Conquered Or Money Back

or 40 years, said Dr. Carey, I have a prescription, Marsh-Rose for kidney and bladder troubles and now I have retired from active practice. I have made arrangements with my friends to dispense with this prescription at a moderate price, on the money back if dissatisfied.

care of kidney disease—thousands of it every year who ought to be having the blessings of life and health. Watch the symptoms. If you speak floating before the eyes, eyes, clamping feet or moist palms, headache, you ought to get a bottle of Dr. Carey's Marsh-Rose at once.

OTC—Dr. Daniel G. Carey was a practicing physician for many years. His great prescription, Marsh-Rose, cured thousands of sufferers from kidney, liver and bladder troubles. Here you can always get this effective prescription in both liquid and tablet form at Fred Hawley's Central at W. Dows drug store and all reliable druggists the country over. Keep mind the name, Dr. Carey's Marsh-Rose. No. 777. No other name can take its place.

IMPORTANT—Trial bottle of Marsh-Rose tablet or liquid form, and be satisfied by sending 25 cents to Dr. Carey, Elmira, N. Y.—Adv.

of St. Peter's, makes formal obeisance to the pope.

Thousands will thus be prevented from seeing the pope passing in procession.

Instead, His Holiness will enter immediately into the chapel of the Holy Sacrament, where the late Pope Benedict lay in state. There Cardinal Merry Del Val will render homage to the pontiff who will descend from the papal chair, borne on the shoulders of the red-cloaked ushers.

The pope personally ordered this modification, because of the serious consequences on account of the cold which might follow if the pontifical procession were held in the open square.

It was announced in some quarters that His Holiness, after being crowned, intended to appear in the facade of St. Peter's wearing the three, the symbol of pontifical sovereignty, and bestow the benediction on those unable to gain admission. He would thus break the custom followed by his three immediate predecessors, who after the split with the Italian government, never appeared on the facade.

This rumored innovation is authoritatively denied by the Vatican.

The personal effects of the pope have been taken to the apartment occupied by him during the conclave. He is still residing there, before establishing his official residence on the second floor of the Vatican. His private apartment, on the third floor, will be occupied as soon as it can be placed in order.

The pontiff's brother, sister and nephew left Milan last night and are expected to reach here Thursday, so that they will be present at the coronation.

His Holiness received several messages from the world.

Early Vote in the Conclave

Further details of the proceedings in the conclave show that the first ballots were divided between two contending factions, respectively under Cardinal Gasparri and Cardinal Merry Del Val. The support of the former group was divided in the initial voting, and the latter group on Merry Del Val and La Fontaine.

Cardinal Gasparri on Sunday realized that there was a deadlock, urging his supporters and those of Gasparri to turn their support to Cardinal Ratti. On Monday's ballot, Cardinal Ratti received the necessary two-thirds.

MURRAY HELD FOR KILLING OF OFFICER

BOSTON, Feb. 9.—Henna Murray, the negro who shot and killed Policeman Daniel J. McShane of the Longwood street station on January 31, appeared in the municipal court yesterday. Attorney Curtis J. Wright, who has named by Chief Justice Allen of the Superior Criminal court to defend Murray, told Judge Murray that he would not waive examination, but would have a hearing, if he said he wanted to get an outline of what occurred previous to the shooting.

One witness for the government was called, after Mr. Wright examined him, he said that was enough. Murray was then held for the grand jury and was taken back to Charles street jail.

Murray was also held, as a matter of law, on a charge of assault and battery with a loaded revolver with intent to kill William Jackson, whose dispute with Murray started the trouble.

Policemen Olsen and Dalton, who were with McShane when he was killed, were in court but were not called upon to testify.

OLDEST REAL AMERICAN IS LAID TO REST

CASS LAKE, Minn., Feb. 9.—The body of Ga-Ho-Nab-Gwen-Wonce, America's oldest Indian and probably the oldest man in America, was buried here today with simple services, according to the white man's creed and with none of the rites of his tribe. He was in his 108th year. During the general cemetery business here was at a standstill. Indians from all parts of the northwest thronged to the town to pay their respects to the Chippewa chieftain.

SAYS MILITARISM IS DEAD IN GERMANY

BOSTON, Feb. 9.—Rev. Francis E. Clark, president of the World's Christian Endeavor Union, who has just reached Germany on his European tour, said in a cablegram received today:

"Militarism seems dead. I have seen

scarcely a single soldier in cities that used to swarm with them. The desire of the common people is only for peace, and war is loathed. All are grateful to America for feeding their children. The need now is for clothing, rather than food."

BOER LEADER BURIED WITH MANY HONORS

LONDON, Feb. 9.—An enormous gathering attended the imposing state funeral given the famous Boer general, Christian De Wet in Bloemfontein, yesterday, says a despatch from South Africa today. The pallbearers were Premier General Smuts, General Bortz, leader of the nationalist party, three other Boer generals and three senators.

START CONSIDERATION OF MINE-WAGES

INDIANAPOLIS, Ind., Feb. 9.—With reports showing widespread unemployment among coal miners before it, the scale committee of the United Mine Workers of America began consideration today of the wage demand affecting the entire soft-coal industry that will be presented to the union special convention here next week.

increase of wages, a shorter work-day and changes in working conditions were suggested by 350 resolutions sent by local unions.

dent in question was Frank Seares. Several witnesses were heard today.

Frank P. Merrill of Braut testified to witnessing the fatal occurrence. He saw the victim leave the sidewalk, and the man "falling in the street."

He heard Mr. Albert feeling his body, but did not see the accident. He saw the man taken to the hospital and said he was alive at the time. He stated, on cross-examination, that he had seen the man step back to avoid the machine, and turned his head away, considering an accident inevitable. He was on the way to work at the Blenheim when the accident occurred.

William Jones, a shoemaker, said he was going from Cedar street to Davis square, and was at Crosby street when his attention was attracted. The automobile was turned toward the north when he saw it, after the collision, which he did not witness. Both witnesses agreed the street was very slippery.

Judge Pickman ruled there was no evidence of criminal negligence, and ordered Mr. Albert discharged. William A. Hogan, Esq., appeared for the defense and Deputy Downey for the prosecution.

HATES COLLEGE-OUTING

LEWISTON, Me., Feb. 9.—The students of Bates college will devote their attention to the annual carnival of the Bates Outing club, starting near South Lewiston, and continuing with dancing and cross-country runs for both men and women on skis and snowshoes. Intercollegiate relay races and a game of basketball will also be among the features tomorrow. The athletic events will continue through Saturday, the carnival closing with a grand parade and skating party on Lake Andrews.

REUNION AND CONCERT

Fine Entertainment Under
Auspices of St. Michael's
Parish at Associate Hall

Standing room was at a premium in Associate hall last night when the grand reunion and concert of St. Michael's parish presented its initial feature, an excellent entertainment, and during the general dancing which followed the floor was densely crowded until the midnight hour, when festivities were brought to a close.

The outstanding features of the reunion were the concert and prettily

arranged booths. The concert numbers follow:
Eccentric dance, solo; Spanish dance, solo; Jockey dance, group; too dance, group; buck and wing, duo; Oriental dance, solo; specialty, under direction of Richard Blinckhorn; Sweetheart, duo; Jazz dance, group; Millinery doll, solo; Irish jig, duo; Park plantation, sketch; Russian dance, group.

Dancing director, Miss Alice Dee; accompanist, Carrie Dault.
The dancers who took part in the program were Rose Gallant, Thomas Anderson, Mabel McPerrin, Pauline

JOHN F. WHITE,
General Manager.

Do You Have Backache
Over Kidneys?
Limbs Swell?

Try to Follow Mr. Agans' Advice

Albany, N. Y.—"Ever since my early boyhood I have suffered from weak kidneys and as I grew older they became worse. I got so I suffered continually with backaches, my limbs would swell, my joints became stiff with rheumatism and my bladder became weak. I would have to quit my work entirely several weeks at a time. I was 'all in' and nearly 'down and out' with this ailment. Nothing seemed to give me any relief although I tried everything I could hear of in the medicine line. I was finally advised to try Dr. Pierce's Ankle (Kidney and Backache) Tablets and through the persistent use of this medicine I was completely cured of all my kidney ailment and bladder weakness and I have never had any trouble from these ailments since. The 'Ankle Tablets' have made a new man of me and I never fail to recommend them when I hear a complaint from anyone suffering with kidney or bladder trouble. Before I took 'Ankle' I had almost given up hope of ever getting better, but, thanks to Dr. Pierce's Ankle, I am in good health and able to work every day." Morton E. Agans, 464 Wash. ave.

concert program and dance order were in the center of the book, which was bound with heavy, gold-embossed covers, the front cover containing an allegorical representation of a Gothic spire with the chimes ringing out "Auld Lang Syne." Two excellent views of the new school building, which the parish proposes to erect, and for whose financing the proceeds of last night's reunion were dedicated were contained in the book.

Announcement was made that the drawing for the Buick automobile for which many tickets were sold would be held in Lincoln hall on the evening of Feb. 16. This now becomes the absorbing matter of interest to holders of tickets.

The credit for the success of the affair is largely due to the various committees' efforts, ably seconded by Rev. Francis J. Mullin and the other priests of the parish. The committees follow:

ANNUAL DANCING PARTY BY BOY OFFICERS

The thirty-first annual dancing party by the boy officers of the Lowell High School Regiment was held last evening in Colonial hall. Guests included visiting officers from Stoneham and Wakefield, members of the faculty, school committeemen, and women and Mayor George H. Brown.

Of late years the annual ball has been held in the school assembly hall, but the floor there hardly is suitable for dancing now and while Colonial hall does not offer nearly so large a dancing surface it is infinitely more attractive.

As always, the opening march was a happy feature, participated in by the regimental officers and the girls of their choice. It was led by Capt. Guy P. Butler and Miss Dorothy Parley.

The matrons were Miss Mary A. Webster, Mrs. Mack, Miss Stevens, Miss Erskine, Mrs. Henry H. Harris, Miss Mary G. Joyce, Miss Maguire and Miss McManmon.

The regimental officers in charge were: General manager, Capt. Guy P. Butler; assistant general manager, Capt. Roland V. Crowley; chief aid, Capt. Henry F. Henry; aids, Capt. Everett H. Humphreys, William H. Horner, Francis S. McDonough, James E. Geary, David F. Connors and Foster H. Richards and Lieut. Frederic C. Latte, Philip D. Dayton, Lincoln Martin, V. P. Robey, Daniel C. Hanson, Garret E. McDermott, Raymond A. Sullivan, Leo J. Monty, Burton D. Bryant, Edward F. Anglin, Carl T. Carlson, James B. Busby, William C. Hannel, Edward R. Daley, George S. Garvey and Osborne A. Simmons.

TEACHERS INSPECT NEW MOREY SCHOOL

An inspection of the New Morey school, followed by adult games in the basement hall, and a dainty lunch featured the gathering of the members of the Teachers' organization at the new school yesterday afternoon, as guests of the teachers of the district.

Miss Caroline Downing, presided at a routine meeting of the organization, which started promptly at 4.30. Then followed the inspection of the new building, which proved a treat to the members, so many excellent improvements and changes having been made in the last few months.

After the inspection the members assembled in the basement hall, and enjoyed games under the supervision of Donald R. MacIntyre, supervisor of physical instruction in the public schools, assisted by the other physical directors engaged in the various districts. An excellent luncheon followed, with plenty of appetizing things for the satisfaction of the visiting members. Campbell's orchestra rendered a splendid concert program during the games and refreshment period.

The entertainment committee was headed by William W. Dannel, master of the school, and Miss Grace Scribner was chairman of the recep-

tion committee. The refreshments were provided by a capable committee under the direction of Miss Minnie Gray.

The beautiful decorations about the school were the result of the efforts of Miss Gray and Miss Scribner. Mrs. Hugh J. Molloy and Mrs. William W. Gray.

"MEMBERS' NIGHTS" SERIES
Rev. David J. Murphy, pastor of St. Andrew's church, North Billerica, was the speaker at the first in a series of "members' nights" at the Father Mathew Total Abstinence society held last evening in the quarters of the organization. The affair was presided over by President Edward Collins and entertainment numbers were given. The committee in charge consisted of Charles Monahan, J. F. Mullen and Thomas F. Sheridan.

THE HORRORS OF INDIGESTION

Relieved By "Fruit-a-tives"
The Famous Fruit Medicine

Indigestion, Weak Digestion, partial digestion of food, is one of the most serious of present-day complaints.

Those who suffer with indigestion almost invariably are troubled with Rheumatism, Sleeplessness and excessive Nervousness.

"Fruit-a-tives" will always relieve indigestion because these tablets strengthen the stomach muscles, increase the flow of digestive juices and correct constipation, which usually accompanies indigestion.

PELLETIER DEMANDS A TRIAL BY JURY

BOSTON, Feb. 9.—District Attorney Joseph C. Pelletier demands a trial by jury on the charges made against him by Attorney-General Allen, who claims that Mr. Pelletier improperly influenced the grand jury to return an indictment charging him with the larceny of \$166.19 from Mrs. Nellie T. Olson, wife of an officer on one of the Nantasket steamboats.

A plea in abatement. This plea set up the charges concerning the method in which the indictment was obtained. In support of his plea and as founding a basis for its being tried, Mr. Parker called Jeremiah A. Desmond, foreman of the grand jury and made this declaration: "This is a case of larceny if ever I saw one." Mr. Pelletier then left the room and the grand jury voted a no bill. A reconsideration of this vote was then asked by one of the jurors and a true bill was then voted. Mr. Pelletier was not in the room at the time, it was said.

Mr. Lyons then asked for a jury trial of the facts surrounding the return of the indictment. This raised a novel question of law. Herbert Parker stated he had never heard of a similar case. Judge Fessenden will hear arguments some time between now and Monday morning on the law and the evidence will be given then either to him or to a jury.

No Wonder Their Collars Are Dirty!
MOSCOW, Feb. 9.—Starched collars and shirts continue to be classed as luxuries in soviet Russia. A collar costs from 30,000 to 40,000 rubles, new, and the laundry charge for restarching is 20,000 rubles.

"Bobbed Hair Stenogs" Have Many Rivals
GENEVA, Feb. 9.—An indication of the straits in which many European noble women find themselves after the war is given in the experience of the American wife of a Geneva banker who advertised in a Munich newspaper for an educated woman secretary with a good knowledge of languages. More than 600 replies were received from all parts of Germany and Austria. The applicants include three princesses; nine baronesses and 30 countesses, but the majority are widows or daughters of former high officials. Most of the letters relate pathetic stories, and many of the applicants want no salary—only a comfortable home.

PRAISED INTEGRITY OF LOCAL MERCHANTS

Some of the rocks in patently undesirable and untruthful advertising channels in some eastern cities, also guided along the course of honest advertising methods of a public, semi-public and private nature, were explained in detail and with good measure of free advice at the dinner of the Lowell Ad club yesterday at the Colonial restaurant. Forty-eight members of Lowell's latest association of live business men, sat down to the banquet and enjoyed from start to finish a half-hour talk on "Modern Advertising Methods," provided by C. K. H. Bunting of Boston.

Mr. Bunting gave several examples of poor and untruthful advertising methods played in some parts of the U.S.A. and Canada. He bluntly called the men who promoted untruthful advertising some pretty harsh names, but the Ad club men and others present at the dinner and discussion, agreed with everything Mr. Bunting told them.

He declared that the time is at hand when advertising men in numerous instances in this country will have to change their tactics or be punished.

"Them" Were the Happy Days

HARTFORD, Conn., Feb. 9.—"Please send me the address of Tom Sawyer," is the contents of a boy's letter addressed to "Mark Twain, Hartford, Conn." The letter, from a Middlesex, N. C., lad was received today by Frank G. Whitmore, former secretary of the great humorist. Mr. Whitmore, replying to the boy, explained that Mark Twain had been dead about 12 years.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cleanly prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. All night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of pinex, then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

CHAMBER OF COMMERCE

Retiring President Urges
Members to Increase Their
Activities in 1922

Calling upon the 1227 members, old and new, of the Lowell chamber of commerce to increase their activities in 1922 and make Lowell "a bigger and better city," Harold I. Chaffoux, retiring president of the organization, declares in an official letter published in the second annual report of the chamber, fresh from the presses, that "with new blood on the board of directors comes new ideas." Mr. Chaffoux's farewell message following his successful year as the head of the Lowell organization, is headed in the annual reports by the slogan: "Building Lowell For the Future."

First copies of the report were sent to the chamber of commerce headquarters this noon. The remainder from the Market street printing house will be ready for immediate distribution to all members and friends of the chamber within a few days.

The report contains 33 pages, is well printed in clear, good sized type, and is enclosed in handsome brown covers, with the title on the first cover. "How 1921 met 1922."

A synopsis of the report has been published in The Sun, following the annual meeting of the chamber, when Edward Fisher was elected president for 1922. Mr. Chaffoux's report, however, was not included in the formal notices of the annual doings, and is in part as follows:

The new chamber of commerce has now completed its second year, during which your board of directors has attempted to carry out the duties of the membership.

Evidently the big demand of the membership has been for more efficient management of municipal affairs and your directors have attempted to bring that about, during which they have aroused a feeling in the people of civic responsibility.

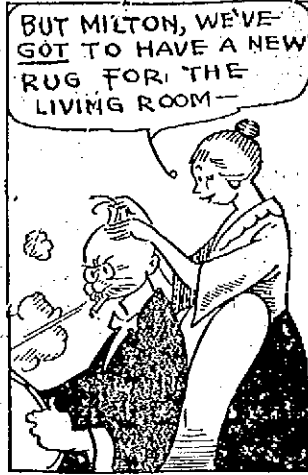

The problem of good streets is ever present in all cities and in answer to the demand of the membership your directors tried to see that a greater mileage of streets be laid. As a last resort the referendum was invoked in the attempt to secure better streets. While this did not pass (falling by 615 votes) it accomplished almost as much as if it had, as it brought the conditions to the people and raised increased efficiency.

Your president, in behalf of your board of directors of which I am chairman, wish to tell you that we have tried to do what you have asked us to do. We are thankful for any praise of our acts, sorry for any criticism. We have tried to make Lowell a bigger and better city.

Your former president, Mr. Goodell, set a very commendable example when he refused to serve a second term. The success of the chamber consisted of new blood and new leadership. It is with regret that I cease to be a director and become just a member once more. With new blood on the board of directors comes new ideas.

HAROLD I. CHAFFOUX, Pres.

With the reports to be sent to each of the members will go blanks in order that members may forward to headquarters suggestions for 1922 organization work.

Mother of Six Killed by Husband

NEWPORT, R. I., Feb. 8.—Mrs. Adolphus Brownell, mother of six children was shot and killed late this forenoon, in Portsmouth, R. I., by her husband. Brownell has been charged with murder and bound over to Feb. 14 and committed to jail without bail. He used a double barreled shotgun, shooting her as she came in from out of doors, where she had been hanging up clothes. It is said that he has not been working of late and that his wife had been nagging him about his idleness. He is a man over six feet tall.

More Arrests in Auto Insurance Frauds

NEW YORK, Feb. 8.—More arrests have been made in the government's investigation of automobile insurance frauds, Assistant United States District Attorney Nuttuck announced today. Three automobile owners and two chauffeurs were caught in this city, while six garage owners were taken into custody outside New York.

Two More Offers For Muscle Shoals

WASHINGTON, Feb. 8.—Secretary Weeks appearing today at the hearing before the house committee on military affairs into the offer of Henry Ford to purchase and operate the Muscle Shoals nitrate project, announced that he expected to forward two other offers to congress before the end of the week. He did not identify the additional offers and gave no details as to their scope. Secretary Weeks described the negotiations with Mr. Ford from their inception, covering a period of more than six months.

Madison Arrested on Perjury Charge

BOSTON, Feb. 8.—A warrant for the arrest on a charge of perjury of Howard M. Madison, who assisted prohibition agents last week in raiding O'Keefe's hotel in the South End, where \$150,000 worth of liquor was seized, was asked of a United States commissioner today. This action followed testimony regarding statements by Madison on the witness stand that he had been decorated with the Distinguished Service Cross while overseas and had never been convicted or arrested for any offense.

Delays Submission of Treaties to Senate

WASHINGTON, Feb. 8.—(By the Associated Press).—Submission to the senate by President Harding of the treaties resulting from the armistice conference probably will be delayed until next week, it was indicated today after a meeting of the American delegation devoted to drafting of the report to be presented to the president.

Says Union Influence Caused Inefficiency

WASHINGTON, Feb. 8.—Charges that labor union influence caused railroad labor inefficiency to decrease 30 per cent when the government took over the carriers during the war with a further decrease of 5 to 10 per cent thereafter were made today before the senate interstate commerce commission by C. G. Poirier of Columbus, Ohio, president of the Grand Order of Supervising Railway Officers, who said he represented 5000 superintendents, foremen and similar railroad officers of the United States and Canada.

Supt. Weaver of Hartford Schools Dead

HARTFORD, Conn., Feb. 8.—Thomas S. Weaver, superintendent of Hartford schools since 1900, died of heart trouble here today. Mr. Weaver had been a newspaperman most of his life, joining the Worcester, Mass., Daily Press in 1867. In 1882 he was a special writer on the Boston Globe, later becoming telegraph editor of the New Haven Register, and then was for eight years editorial writer on the Hartford Post. His last journalistic years were spent on the city staff of the Hartford Courant from 1902 to 1900.

BRIEF BUT IMPORTANT WIRE DESPATCHES

LONDON, Feb. 8 (By the Associated Press).—Negotiations for funding the British debts to the United States, will commence about the end of February, it is anticipated in official quarters today.

WASHINGTON, Feb. 8.—The shooting of William Fauntleroy, a negro acting corporal by a marine guard which was taking him to prison at Ft. Saxton for being drunk, was testified to today by W. L. Davis, a negro of Savannah, Ga., before the senate committee investigating charges that American soldiers were hanged without trial in France.

RICHMOND, Va., Feb. 8.—Workmen engaged today in removing the debris from the ruins of the Lexington hotel, destroyed by fire yesterday, found a body burned beyond identification and the list of known dead was brought to four.

BOSTON, Feb. 8.—Receipt of the first issue of a monthly bulletin service respecting epidemic conditions throughout the world was announced today by the World Peace Foundation, American distributing agents for League of Nations publications.

NEW YORK, Feb. 8.—Nearly fifty corporations known as "the glass trust" recently indicted on charges of violating the Sherman anti-trust law, must stand trial under a decision handed down today by Federal Judge Knox in overruling demurrers to the indictments.

WASHINGTON, Feb. 8.—President Harding congratulated club owners of the American League who called upon him at the White House today on the efforts that have been and are being made to make baseball a clean sport.

NEW HAVEN, Feb. 8.—Joseph E. Austin, building inspector, appeared in city court today to answer a complaint charging manslaughter preferred by City Attorney Sheridan T. Whitaker, arising from the finding of Governor M. L. in the State Theatre fire in which nine persons lost their lives. Austin did not plead but was placed

In care of Jacob P. Goodhart, his attorney, and will appear again on Feb. 27.

PAWTUCKET, R. I., Feb. 8.—About 300 employees of the Jencks Spinning Co., today joined 300 spinners who had previously gone out in protest against wage reductions. The concern manufactures cotton yarn and employs 3000 persons.

WASHINGTON, Feb. 8.—A resolution calling on the administration to recognize the Obregon government in Mexico was introduced today by Representative Ryan, republican, New York.

SEWER NEEDED FOR NEW HOUSES

It will be necessary to lay approximately 400 more feet of the new sewer in Chelmsford street Lincoln square before the 11 new houses there can be connected, said City Engineer Stephen Kearney today.

At yesterday's meeting of the board of public service, Frank Greenberg appeared in favor of immediate work that the sewer may be completed. The board advised him that work would be resumed there as soon as possible after a loan was secured.

LOYAL EXCELSIOR LODGE
Loyal Excelsior lodge No. 1302, I. O. O. F., will hold its regular meeting in Post 120 hall, Merrimack street, Monday evening at 8 o'clock. Substantive business is on the agenda. The usual business was transacted and Loyal Integrity lodge staff initiated the candidates, Post Grand Master Goodell then presented an emblem and Post Grand Officer to Brother Williams, the retiring Grand Master. Refreshments were served and the entertainment committee announced that there would be a white party next evening night. Prizes are to be given to the winners and all members are requested to be present.

AND THE POOR FISH WAS DROWNED

Sergeant Sam Bigelow, the acknowledged champion hunter and fisherman of the police department is telling about the best fish story heard in years, according to other members of the force.

Some time ago, according to the story, friends in his home town sent Sam a peculiar specimen of hornpout, covered with spots. It was sent as a memento of old days. It is said that the sergeant described the "pout" as crossed with a trout. He secured a large glass jar, filled it with water, and placed the hornpout therein. After a few days the fish became used to its surroundings and developed considerable affection for Sam, who often stroked its head in a friendly manner. Finally it got into the habit of jumping out of the jar, and trying to follow its beloved master to the street. The other day the fish succeeded in reaching the street, and when Sam discovered its presence in his rear, while passing over a bridge, he halted and ordered the pout, in a stern voice, to return home. The fish became so embarrassed at its discovery that it fell from the bridge to the water below and was drowned.

LONDON, Feb. 8. (By the Associated Press).—The government this evening telegraphed the provisional government of Ireland asking it to obtain the release of all prisoners taken across the border from Ulster.

THIS FROLIC ENDED IN SUSPENSION FROM SCHOOL.
Two students were suspended from the Y. M. C. A. College at Springfield, Mass., as a result of the frolic pictured above. A group of young men and women, clad in bathing suits, disported in the snow and swam in a pond.

NO FIVE CENT ICE HERE

Price of Ice This Year Will Probably Be About the Same as Last

Lowell will not pay any more for ice this season than it did last year, and there is a possibility—just a possibility—that it may be a little lower in price. However, today when a Sun man called at the home of Miss Martina Gage, he was informed that prices for the 1922 season had not yet been thought of.

No price announcements will be made until about May 1, or a little earlier than that, possibly. Miss Gage did not care to prophesy now what prices would be. It was intimated that they would not be higher than last year.

It is claimed in other cities in New England, that the actual cost of harvesting this season's crop of ice was

Anyone ruptured man, woman or child, should write at once to W. S. Rice, 138-A Main st., Adams, N. Y. for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wanting supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a real and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

about as large as it was a year ago, for many reasons, chiefly because of the price of labor, which is still about as high as it was last year at this time, and also because other harvesting expenses run about equal to those chalked up in 1921.

The campaign in several large New England cities to compel ice companies to sell five-cent chunks of ice when demanded by patrons, is not to be waged in Lowell, so far as known.

The Gage company announced today that no action has been taken by this concern to either assail the five-cent legislation or favor it. Locally, ice vendors would prefer to have to peddle ice in such small quantities. In an interview, Miss Gage said:

"I am not at all interested in the Boston dealers' reported action to repeal the five-cent cake law. Here in Lowell, we are not compelled to sell five-cent chunks of ice unless we want to, and we do not practice that method of disposing of our product, except in rare cases."

"We do not like to cut up ice into tiny pieces, or a 'nickel's worth,' as it is known. To be sure, there have been times when some of our towns, full of sympathy for certain families and children, who desired a little ice and had only a small amount of money on hand, have sold broken pieces of ice and chunks from larger cakes of ice at irregular sort, to housewives and children for five cents a pan, but that is not our custom, and we do not like to do it, because, in the first place, our customers really do not get their money's worth buying ice that way, and again, it means much extra work for our men to cut up small cakes for disposal this way."

The campaign in Boston to repeal the five-cent cake law has the support of the Boston Ice Dealers' association. Similar attempts were made last year, when a strenuous fight was made to repeal the law, but all efforts were defeated. Governor Cox vetoing the measure after it had sailed along through the usual channels.

The result of the latest bill now be-

ing pushed through the legislature, but without the help of the Gage people, let it be known, would repeal the present law by which the ice men of the state are compelled to sell five-cent pieces of ice when demanded by customers and sell \$1 strips.

FORD ACQUIRES LINCOLN PLANT

One of the most important events in the motor manufacturing world, frantically, yesterday when the Ford-Leland combination purchased the assets and business of the Lincoln Motor Co. It has been known for some time that these interests desired to purchase the Lincoln business and, as future policies under which the Lincoln business was to be conducted were agreeable to everyone concerned, it was pretty well assured that the results would be just as they are.

"It will doubtless prove a source of much gratification to motorists at large that in the present circumstances there are no material changes contemplated in Lincoln policies, as far as concerns motor car purchasers. There have been a number of Leland-built cars in the Ford private garages for some years past, and in view of the high esteem in which the Fords have always held Leland practices and ideas, it could hardly be expected to do otherwise than thoroughly endorse the preservation of the quality standard upon which the Lincoln car was founded. In fact, both Mr. Ford and Mr. Leland have repeatedly gone on record that it will be their purpose unalterably to maintain the established Leland standards."

SINKING OF LUSITANIA

Witness at Libel Suit Trial Says Verrick Predicted it Four Days in Advance

NEW YORK, Feb. 8.—James P. Keating, magazine writer, yesterday asserted that George Sylvester Verrick, former editor of the Fatherland, had predicted the sinking of the Lusitania four days before it happened.

Keating made this assertion in testifying for the Chicago Tribune in the \$500,000 libel suit brought against the newspaper by William Hale Thompson, mayor of the Illinois city, in connection with charges of pro-Germanism, made against him.

Keating was employed as an assistant to Dr. William Haydon Hale in the German information bureau in this city.

"I knew the Lusitania would be sunk on the Tuesday preceding the Friday when the sinking actually occurred," Keating said. "I learned of it in the course of conversations with Verrick at the Holland House on that day. He said that the people who had sailed on the Lusitania were very foolish as she would certainly be sunk Thursday or Friday."

Activities attributed to Dr. Hale were described by Keating who said Verrick told him his chief had been hired by the bureau "because he had the kitchen entrance to the White House," committee on state administration. Half a minute later the hearing was adjourned when Representative Stephen R. Mealey of the 15th Suffolk district, the petitioner, failed to appear to support his measure.

NEWSBOYS GET ARMFUL OF RUBLES FOR PAPERS

STOCKHOLM, Feb. 8.—Russian newsboys, now for the first time in years, selling daily papers in the streets of Moscow more or less exchange a bundle of papers for an armful of rubles. Street sales of daily newspapers are now permitted in all Russian cities, according to Russian correspondents of Stockholm papers.

The Moscow Ivestia, formerly given free of cost by the soviet government to soviet officials was put on sale at 2,000 rubles a copy. A boy who sold 50 of them would be loaded down with 100,000 rubles in Bolshevik currency.

The first day's sale of a Moscow daily in that city amounted to 10,000 copies at 2,000 rubles per copy, or a total of 20,000,000 rubles, but on the second day the sales fell off, and in about a week, only some 5,000 copies of daily papers were being sold.

The monthly subscription price of daily newspapers in Moscow is 40,000 rubles, and 45,000 in the adjoining rural districts. Only billionaires in the modern Russian sense of the word can afford a daily paper, but, of course, there are a good many billionaires in Russia these days.

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. ADRIEN TOMSHECK, 10557 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomsheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

ASSAULTED AND ROBBED

Highwayman Hit Sam Paul on Head and Took His Money

Samuel Paul of 5 Queen street is still at a loss to account for the mysterious assault of which he was the victim last Sunday night on Middlesex street, near School. A left eye severely bruised and inflamed, with several stitches in the eyebrow, and the left side of his face painfully swollen, give ample testimony that he was indeed the subject of a violent attack. The absence of \$10, which he says was in the watch pocket of his trousers, is an indication of the purpose of the assault.

Mr. Paul states that on Sunday evening he entertained a friend, Peter Clement of Chelmsford, at his home in Queen street. About 10 o'clock Clement decided to go home and Paul accompanied him to the corner of School street, the nearest car-stop. When Clement had entered the car he decided, for some reason, to return home by way of School and Middlesex streets instead of the way he came with Clement, by Queen and Branch. He asserts positively that he was absolutely alone at the time. He walked down by the rear wall on School street, and remembers turning into Middlesex street where the wall is somewhat higher. This, however, is the last he knew until he awoke in the hospital.

After receiving treatment at the hospital he was taken home, where, on examination, he found that the right shoulder of his coat—he was wearing no overcoat—was nearly torn away. He then discovered that \$10, which he had been carrying in the small pocket on the right hand side of his trousers, was missing, although a pocketbook containing \$2.50, in the back pocket on the left hand side, was untouched, giving evidence of a hasty search.

WANT CEREMONY AS NAVY IS SCRAPPED

WASHINGTON, Feb. 9. (By the Associated Press).—Administration officials are undecided as to suggestions that a veteran battleship of the fleet to be scrapped under the naval limitation treaty be sunk at sea with full military honors to symbolize ratification of the pact which will end competitive navy building among the five great naval powers.

The idea is known to have appealed to some high officers of the government as a fitting tribute to the old battle craft. It has impressed other officials as an undesirable and impractical course, however, and final decision probably will not be reached until the full program of disposing of scrapped battleships has been worked out in detail by technical experts.

In any case, one of the ships destined to be destroyed probably will be sent to the bottom by gunfire. The pre-dreadnought Iowa, now equipped for distant control by radio and successfully tried out in aircraft maneuvers, incident to the sinking of former German craft last year, is to be sunk by the fire of the fleet some time this spring. She was equipped for that purpose, to be shot at as a moving, maneuvering target at sea, before the Washington conference placed her among the worst craft to be scrapped by the United States in reducing the fleet to treaty limits.

Although the injury to Mr. Paul's face was very evidently caused by impact with some heavy instrument, much harder than the human fist, he has not taken any action in the matter, and says that the police have not called on him for his story.

Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In a series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-tin package with the yellow label. Place a standing order with your grocer.

TRUCK BACKS INTO POND WITH CHAUFFEUR

Chauffeur Charlie Brown, of the John Brady coal and wood concern, on Church street, took a premature bath Wednesday afternoon just three days ahead of time when a loaded Avon truck he was backing onto thin ice on a little pond off Quebec street, suddenly broke through and sank to the bottom of the pond in several feet of muddy water. Charlie's plunge into this February mixture of broken ice, mud and water might have ended his career on the Brady coal and wood truck had the truck not landed on all four wheels at the bottom of the pond. Charlie has started to dump a load of cinders.

The chauffeur held his breath and hounded up through the water to the top as soon as he could wriggle out of the truck seat and find room to make the "paddle climb." Then, being only a few feet from shore, he shook some of the water out of his eyes, ears and throat and hiked for help.

It happened that Peter Kenney, well known right hand for the J. J. Prindiville Co., contractors, was where he could be found quickly and to Mr. Kenney the John Brady people give most of the credit for the prompt recovery of the heavy truck from its submersive expedition to the water world below. It took five big trucks, lots of ropes and tackle and a derelict barge to haul the monster from the depths of the pond hole. There was no great damage done, and even Charlie Brown has escaped pneumonia this far. The Brady people give full credit to Kenney's quickness in wriggling out of his non-scheduled mid-week bath and notifying Kenney.

RHEUMATISM

Remarkable Home Treatment Given by One Who Had It

In the year of 1898 I was attacked by Rheumatism and Sub-acute Arthritis. I suffered in only those who are thus afflicted know, for over three years. I tried remedies after remedies, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and such a painful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them 70 to 80 years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and joint-rheumatism (swelling at the joints) to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long looked-for means of getting rid of such forms of rheumatism, you may send the price of it, one dollar, but I have given it to many who are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is this close at hand? Don't delay. Write today.

King George of England to Give Away Princess Mary in Westminster Abbey

PRINCESS MARY AND THREE VIEWS IN WESTMINSTER ABBEY, WHERE SHE WILL BE MARRIED.

LONDON, Feb. 8.—Westminster Abbey, the greatest and one of the oldest shrines in all Britain, is to be the scene of the wedding of Princess Mary, daughter of the sovereign, and Prince Louis of Battenberg, Viscount Lascelles, and already the scene of the hammer and the saw as to be heard where usually there is the intoning of the choir and the thunder of the organ.

For the first time in 670 years the abbey is to be the scene of the wedding of a child of the British sovereign, in that time more history has taken place in this wonderful building than in any other in the world.

Kings have been wedded, crowned and buried here.

Many of the greatest captains that ever led British armies and many of the greatest poets have found a last resting place here. The abbey is the last resting place of Britain's unknown soldier who fell in the great war.

Large as the church is its seating capacity, for a great event, is comparatively limited.

Rush For Tickets

The princess bride expects to enter by the great west door and walk down the entire length of the great nave. Therefore carpenters are now at work erecting platforms in the nave where some two thousand invited guests will be seated.

The scramble for tickets to these places has already started and thousands who think they ought to get places will be bitterly disappointed.

The chance will be reserved for the members of the royal family and the representatives of foreign powers, among whom will be our ambassador, George Harvey. The chairs on which

Return of Few Early Report

Continued

and seized by a party of armed men. Major Allen of South Donegal, one of the prisoners taken by the raiders of northern Irish counties, yesterday, returned to his home today. Others from the same area are reported to have been released.

Sir Dawson Bates, the Ulster home secretary today, addressed a further remonstrance to the viceroy about delay in releasing the kidnapped unionists, and demanding that they be set free immediately. Sir James Craig, the premier, also made similar representations to the British cabinet.

The wife of Ivan Carson, former high sheriff of Fermanagh, who was kidnapped Wednesday, received a letter from him today. The missive which bore no address, said the writer was well and had no cause for anxiety. It develops that he is a relative of Lord Carson, the former Ulster leader, and commanded a patrol of specials in the Fermanagh encounter with the raiders.

In some instances, according to unionist sources, the leaders of the raiding parties wore Irish republican army uniforms and asked the persons they kidnapped to sign petitions for the release of the Londonderry prisoners.

Made Great Preparations

It develops that large numbers of trees were felled over a wide area apparently in preparation for the raiding operations and that many trenches were dug along the Fermanagh and Monaghan borders. The operations were so secretive it is believed hundreds of men were engaged in them.

Ulster's frontier was virtually a line of steel today, following the raids yesterday, in which many unionists were kidnapped from the border. County Armagh to Belleek, on the Fermanagh-Donegal border, forces of "specials" were on guard, as well as heavy contingents of the regular constabulary.

It was estimated that 5000 men were engaged in policing the line.

The forces began to move toward the border yesterday following news of the raids. The roads leading southward from Belfast today presented scenes of activity, motor trucks and armored cars bearing the so-called "A" and "B" specials toward the border. Accompanying them were other trucks with stores and ammunition.

High tension prevails at all points. Strangers traveling through the six counties are subject to the closest scrutiny and in some cases are halted and interrogated.

No communication was possible with Belfast today in consequence of the raid from the city being cut. Col. Wickham, commanding the Ulster Specials has received a communication from Dublin castle stating that the provisional government is sending special officers to investigate the kidnapping.

The number of men held captive is placed at 200 by the Northern Whig, a nationalist newspaper, which adds: "They are being held at the mercy of men who, as the events of the last two years have shown, are capable of atrocities as vile as any that Bolsheviki or bashibazouks ever committed."

Viscount Fitzalan is powerless to prevent the rapid spread of anarchy in the south or to protect the peaceable people on either side of the boundary from the roving banditti who call themselves soldiers of the Irish republican army, as the youngest child in Dublin. Whether Michael Collins is in a position to intervene more effectively is doubtful.

The Irish News, nationalist organ, says: "No sane man can conceive why the announcement that the political prisoners who were doomed to hang at Derry had been reprieved was delayed until too late to reach those who had conceived well the idea of celebrating the executions with a feast of the reprieved which would follow them. But, the raids, though explainable are indefensible."

London's Report

LONDON, Feb. 9. (By the Associated Press).—Reports from Ireland indicate that up to noon today, none of the unionists kidnapped by the raiding bands in Ulster yesterday morning, had been released, or at least, none had returned home. No further raids have occurred.

Arthur Griffith, president of the Dail Eireann, went to Downing Street early today and conferred with Prime Minister Lloyd George and Austen Chamberlain, government leader in the house of commons, regarding the kidnappings. Later the prime minister presided at a conference of the cabinet officials.

Mr. Griffith expects to return to Dublin tonight.

The number kidnapped was variously reported the highest estimate being nearly 200, although most accounts put the figure considerably lower.

The Morning Post Belfast correspondent, who reports from the Ulster point of view, says "Over 600 are held. He described the northern Ireland as 'teeming with excitement at the raids, and the loyalists ablaze with indignation and resentment.'"

The London morning newspapers severely condemn the kidnappings which the writers fear will prevent the pacification of Ireland and shatter the hopes based on the Anglo-Irish treaty.

The action of the imperial government in demanding that the provisional government of South Ireland take proper measures for the release of the captured men and prevention of new outrages, is commended by the Times which says:

"We cannot hold Michael Collins and the provisional government blameless, because their recent conduct has certainly not tended to ally passions that require little kindling." The Daily Chronicle, which reflects

the government view, says it cannot suppose for a moment that Arthur Griffith and Mr. Collins approved the action which it interprets as "an act of war deliberately directed against Ulster by men who wish to force the boundary question into armed conflict, and so wreck the treaty settlement."

The Daily News which is most sympathetic toward the provisional government, also approves the action of the British government.

Daily Makes Statement

DUBLIN, Feb. 9. (By the Associated Press).—Owen O'Duffy, chief of staff of the Irish republican army, has issued this statement: "That there should be spontaneous

and determined action in Ulster is not surprising. The patience of our people there has been sorely tried lately by continued raids, arrests and tortures inflicted upon them by agents of the northern government.

"The majority of those in prison in Belfast and Derry are suffering because they carried out my orders while I was liaison officer to protect the lives and property of Catholic civilians from the ravages of Orange mobs when those who are entrusted with law and order refuse to give protection."

The statement concludes: "Let the northern government immediately release our prisoners. We have shown by our actions our desire to have peace, let the north show by similar actions that they desire to have peace. Granted this, none will believe there would be difficulty in finding a common ground."

The feeling of "concern and regret" by Premier Craig of Ulster over the raids will be shared by every friend of Irish peace," says the Irish Times this morning. "These shootings and seizures were heart-breaking acts of folly and wickedness. The situation may be saved yet, and all good Irishmen ought to lend aid."

Wireless Telegraphy Big Aid
in Suppressing Revolution
in Mexico

MEXICO CITY, Feb. 9.—Wireless telegraphy has contributed greatly to keeping down revolution in Mexico and the government, recognizing its value, is establishing stations in every large city in the republic.

Officials assert that by using the wireless they are able to communicate directly and immediately with military headquarters and thus are able to head off many incipient uprisings which might grow into serious revolutions if not promptly checked.

In the old days the first thing a band of rebels did was to cut all telegraph and telephone wires, thus isolating the region of revolt.

In its station at Chapultepec Park here the Mexican government has one of the largest and best equipped plants on the continent. During the Carranza administration the station was practically idle but during the past few months it has been used daily by the government in sending official news, letters to Central and South American countries and in keeping its ministers and consuls informed of affairs at home.

It has been announced that the gov-

ernment expects to open the station shortly for commercial work.

It has also been found that the station here can be used as a supplement for the land wires throughout the republic and congestion on the latter is often relieved by the Chapultepec plant.

WINS DIVORCE
AND LOSES IT

TAUNTON, Feb. 9.—Judge Lummas, sitting in the divorce court session here yesterday, revoked a decree of divorce granted Mrs. Mildred R. O'Keefe of New Bedford, from James E. O'Keefe of the same city, which had been brought on the grounds of cruel and abusive treatment, when Mrs. O'Keefe was named co-respondent by Mrs. Helena B. Moquin of New Bedford in her suit for divorce against Alfred J. Moquin.

Mrs. O'Keefe testified that she married her husband in 1919 after knowing him for two weeks, and that he had been drunk most of the time since and had beaten her. Her testimony was corroborated by her mother. No one appeared against her and the divorce was granted. She left the courtroom immediately.

A few minutes later her name was mentioned as co-respondent in a divorce suit brought by Mrs. Helena Moquin, alleging a statutory offense committed by her husband and Mrs. O'Keefe. Mr. Moquin appeared in court for a few minutes, but left hurriedly when the attorney for Mrs. O'Keefe whispered in his ear.

Mrs. Moquin brought out court records to prove her allegations, and the judge granted the divorce, gave her custody of her child and allowed \$4 a week alimony. In granting the divorce, he also revoked the divorce given Mrs. O'Keefe.

Science now shows why we may sometimes grow weak, thin and emaciated upon an abundance of food (lacking in Vitamins) while with a much smaller amount of food, rich in Vitamins, we may quickly take on good, firm flesh, increase in weight and make a remarkable gain in strength, energy and endurance, provided, of course, that our blood contains a sufficient amount of oxygenated organic iron to enable us to assimilate our food properly. Without organic iron, both food and Vitamins are absolutely useless as your body cannot draw iron from your food and tissues unless you have plenty of organic iron in your blood. This organic iron, known as "Nataline Iron," is a powerful blood-builder and it is absorbed into your blood and circulates with your blood and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes through your body without doing you any good. Therefore, in practically every case where Vitamins are necessary, organic iron is also necessary.

For centuries scientists tried in vain to produce organic iron. At last the problem was solved, so that you may now obtain pure organic iron from any drug store under the name of "Nataline Iron," which is ready for immediate absorption and assimilation by the blood the moment it enters the system.

If you merely wish to gain greater strength, energy, vigor and endurance we recommend that you take "Nataline Iron" only. DO NOT TAKE VITAMINS UNLESS YOU WISH YOUR WEIGHT INCREASED up to what a person should normally weigh. We do not want you to become fat. We want you to be healthy and strong. Some people are naturally thin and will probably remain so in spite of the fact that they take Vitamins and every thing else.

Those whose meals consist principally of meat-soups, white bread, meats of various kinds, fish, potatoes, refined fruits and vegetables, and cakes are likely to suffer from under-nourishment and a weakened physical condition due to a deficiency of both Vitamins and organic iron. In such cases both Vitamins and "Nataline Iron" should be taken.

WAMESET GARAGE CO.

One of the very strong points which the Wameset Garage Co. makes in regard to its cars and trucks, is that everyone interested is entitled to a real demonstration, not a mere spin around some of the city streets. This progressive concern, of which R. G. Newman is manager, is showing the wonderful Lexington car with blue ribbon Amel engine, the Franklin, a better car for the money than ever before, and the White truck, used by many of Lowell's larger business houses. Now, the idea of the Wameset Garage people in regard to a demonstration is the stiffest one that a car or truck might be put to under ordinary conditions and to that end they are at the call of any prospect to test the products in any manner within reason.

SURE GRIP CLUTCH

The owners of Buicks are also the owners of the clutch that carried the war tank on its journey through swamp, forest and shell hole helping to win the war through their having a clutch that gives positive and never failing, no matter where it would be called into use. This clutch makes the Buick the safest car to drive as it provides the same certainty either for ordinary service or unforeseen emergency.

CREAM CLEARS A
STUFFED-UP HEAD

Instantly Opens Every Air
Passage—Clears Throat Too.

If your nostrils are clogged and your head is stuffed because of rusty cilia or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this: Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more yawning or snuffling. Count 50. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Adv.

Battleship Celebrates 123-Year Victory

NEWPORT, R. I., Feb. 9.—The old frigate Constellation, now swinging idly at moorings at the naval training station here, was dressed today in her battle flags in commemoration of the anniversary of her first battle 123 years ago, which, like all others, she won. Captain Frank Taylor Evans, commanding officer of the station, directed that flags be raised at 12.30 and lowered at 4 o'clock, the time of the display corresponding with the hours of the engagement. The Constellation, under command of Captain Thomas Truxton, met the French frigate L'Insurgente on Feb. 9, 1799, off the island of Nova. The Frenchman surrendered.

ACTIVITIES AT

ST. JOHN'S PREP

One of the important social organizations of St. John's Preparatory school, Danvers, is the Kappa Kappa

club, managed and supported by the student members. These students hold weekly meetings at which officers are elected in the event of vacancies, new members voted into the organization, and plans discussed for the social and moral betterment of the members.

Last week the Newman and Joyce Kilmer Debating societies, the latter named consisting of day pupils, held preliminary debates to select teams to represent their respective societies in their annual contest, and also with teams of other schools. The following were selected from the Newman-Lawrence society: James O'Brien, Thomas Loughlin, Charles Sullivan, Thomas McGrath and Thomas Keegan.

From the Joyce Kilmer society were chosen William Murphy, James Moran, John Comber, Ernest Foley and George Lannard.

The younger boys at St. John's are not overlooked. Besides hockey, basketball, football and baseball, they receive through the O'Connell Literary society training in elocution and debate. All the students who study in the junior building belong to this society. A debate or an elocution contest takes place each week and once a year a prize elocution contest is staged.

A teacher acts as moderator. The object of the Mathematical society is the fostering of a taste for higher mathematics, the study of the lives and works of famous mathematicians, and the discussing of mathematical subjects on current topics. Meetings are held every Thursday. At the last meeting the following young

men were elected officers: John McInnis, president; Philip McMahon, vice president; August Friedrichs, secretary; Melvin Doyle, marshal; Arthur Forrest, assistant marshal.

The annual retreat for the students closed Friday morning. The spiritual exercises were conducted by Rev. Fr. Ledwith of the Congregation of La Salle.

Colley was struck by a trolley car in West Rutland last Saturday night. According to the authorities he had drawn his wages as a lumberjack that day, but had no money on his person when he picked up after the accident. He was 19 years old.

BOSTON, Feb. 9.—Mrs. Mary Lowan, 38, and her daughter, Mrs. Sophie Kowalska, 19, died within a few hours of one another at City hospital yesterday. The daughter's death being attributed to influenza while that of the mother will be determined at an autopsy today.

ROBBED AND PLACED
ON CAR TRACKS

RUTLAND, Vt., Feb. 9.—The theory that Charles Colley, who died at a hospital here yesterday, was knocked unconscious, robbed and placed on the street car track so that a car would hit him, was advanced by authorities here last night. State Attorney G. L. Novak ordered an inquest.

Colley was struck by a trolley car in West Rutland last Saturday night. According to the authorities he had drawn his wages as a lumberjack that day, but had no money on his person when he picked up after the accident. He was 19 years old.

FOREIGN EXCHANGES AGAIN SHOW ADVANCE

NEW YORK, Feb. 9.—Covering of speculative commitments accelerated another advance in leading foreign exchanges today. During the morning, demand bills on London rose to \$1.23 1/2, an overnight gain of 1 1/2 cents. French, Italian and Belgian rates also were substantially higher.

COLUMBIA GRAPHOPHONE CO. INSOLVENT

WILMINGTON, Del., Feb. 9.—Application for a receivership for the Columbia Graphophone Manufacturing Co., a Delaware corporation, was made today in the United States district court. Insolvency is alleged.

A First-Class American Mother Who Is a Native of Italy

She Tells How She Keeps Her Boys At The Head Of Their Classes During the Winter

Mrs. Mary Ziboli is a native of Italy and true to the motherland in many ways, and yet she is a thorough-going American, and proud of her American-born sons. She resides at No. 14 Carlton Street, Cambridge, Mass. Like all mothers, she experiences the sorrows and troubles that come from having her children afflicted with colds, sore throat and so on. She has two fine boys, and she says:

"My boys used to lose a good deal of time in bad weather from coughs and colds that made them unfit for school, from which they suffered greatly, and of course I suffered with them."

A couple of years ago I was told about Cerizane and it certainly is the greatest cough balsam ever made. Ever since I learned of it, I have given it to my boys whenever they have any form of cold. It loosens hoarseness right up, allows them to raise the phlegm that seems to choke them, and I may truthfully say that Cerizane really keeps my boys at the head of their class in school.

"I have also used it myself very successfully, and recommend it to any one suffering from any form of coughs, colds, pain in chest, or headaches from colds."

All progressive druggists sell Cerizane.

CLARE WINDSOR, movie actress, will be an important witness in the unravelling of the mystery in the murder of William D. Taylor, director. She told police she heard Taylor make a threat against his former secretary.

ENLISTMENTS FOR MARINE CORPS

WASHINGTON, D. C., Feb. 9.—The marine corps has again opened its ranks to re-enlistments from the army and navy and also to the acceptance of men who have had no prior military service. In recent months enlistments in the marine corps were restricted exclusively to former marines, although men with excellent records in the sister services have been applying at the recruiting offices for the honor of "donning a hitch" with the leathernecks.

A fixed quota of 800 recruits has been set by Major General John A. Lejeune, commandant of the corps, and this comparatively small number will enable the recruiting officers of the corps to continue the policy of hand-picked selection from the applications that will follow the removal of the past restriction.

Y. M. C. I. MINSTRELS TO REPEAT SUNDAY

Tickets for the presentation of the Y.M.C.I. minstrel show and entertainment, which is to be repeated at the Opera House next Sunday afternoon and evening, went on sale this morning. Indications point to even larger crowds at these performances than that which witnessed the first presentation of the annual revue several weeks ago in Associate hall. The same cast which appeared in the original production will take part in the two performances Sunday and will include Dorothy Nolan, Theresa McCarron, Doris Conley, Edward Donohue and Thomas Kelly as soloists. The ends will be Frank McCarlin, Edward Cawley, Charles J. Hayes, Paddy McGuire, Frank O'Neill, Joseph Craven and Frank Lynch. There will be a chorus of more than 100 young men and women.

MANY OFFICERS ON UNEMPLOYED LISTS

NEW YORK, Feb. 9.—There are 12 ex-majors of the American army and five ex-commanders of the navy among the 750 jobless service men still registered with the city employment bureau. Other jobless include 27 captains and nearly 100 lieutenants.

AMERICAN LEGION HEAD ON VERMONT TOUR

BANGOR, Me., Feb. 9.—Harford MacNider, national commander of the American Legion, who was the guest of the local post at a banquet last evening left on the midnight train for Boston. He will open a tour of Vermont posts Friday, this state being the 42nd he has visited since he became head of the legion.

TWO MORE GAMES DRAWN

GLASGOW, Scotland, Feb. 9.—Two more games were played to a draw today by Newell W. Banks of Detroit and Robert Stewart of Glasgow, who are playing a series of 40 games for the checkers championship of the world. So far Stewart has won two games, Banks one, and 29 games have been drawn.

ELVEN IN JURY BOX

LOS ANGELES, Feb. 9.—Nine men and two women were in the jury box temporarily today for the resumption of the trial of Gladys O'Brien, charged with the murder of J. Belton Kennedy.

TAYLOR'S DAUGHTER Miss Ethel Daisy Denney Tanner, 19, is the daughter of William D. Taylor, the slain movie director. She lives at Mamaroneck, N. Y., and is a student at a school there. Taylor's real name was William Desmond Taylor. Deceased. He separated from the girl's mother in 1919.

"The Prodigal Judge" Leads "Bigger and Better" Films

MACLYN ARBUCKLE, HERO, AND JEAN PAIGE, HEROINE, OF "THE PRODIGAL JUDGE."

BY JAMES W. DEAN

NEW YORK, Feb. 9.—Producers promised "bigger and better" pictures for 1922. With one month gone, they are well on the way to keep their pledge.

The bigger and better pictures have predominated in the early releases. Among them are "Orphans of the Storm," "Foolish Wives," "Turn to the Right," "One Glorious Day," "Three Live Ghosts" and "The Prodigal Judge."

One might also include both the Paramount and Vitaphone versions of "The Little Minister."

The merit of some in the above list has been more in their "bigness" than in their "betterness."

"The Prodigal Judge," the latest of the group, is both bigger and better. It is replete with thrills—kidnaping, murder, duelling, incendiary, household caught in swirling rapids and other blood-thrilling episodes.

The unusual feature of this is that the thrills seem to be woven into the natural pattern of the story without breaking into the romantic sequence. Several notable characterizations also claim attention.

All in all, Edward Jose has done an extraordinarily skillful bit of directing. Maclyn Arbuckle in the title role proves himself a master of the mimetic art. There have been few performances in similar roles as completely and artistically done.

MANY ACTORS OUT OF WORK IN COUNTRY

NEW YORK, Feb. 9.—(By the Associated Press) There are today more unemployed actors and other stage people walking along Broadway and a hundred main streets looking for jobs than ever before. Everybody in Times square who knows anything about the theatre, from the cut-rate ticket hawk to the producer of a dozen bills, is complaining.

The actors, landladies and boarding-house owners seem to feel the hard times as acutely as the actors.

Several well known managers estimated today that half of the 15,000 actors in the United States, exclusive of vaudeville performers, were out of work.

Movie Beauty Gains 10½ Pounds in 22 Days through IRONIZED YEAST

ANOTHER startling evidence of Ironized Yeast's value as a weight-builder! In a test conducted under the supervision of a registered physician, Miss Dorothy Byrne, pretty artist's model and movie beauty, gains 10½ pounds—in only 22 days! Miss Byrne's measurements, taken before and after the test, are given below.

A striking example—yet by no means an exceptional one. For it is not at all unusual for thin, nervous, over-worked or run-down folks to gain five pounds and more on the very first package of Ironized Yeast!

Results in Half the Usual Time! Ordinary yeast vitamin preparations have in many cases been known to bring good results. But thousands now know that Ironized Yeast, the scientifically correct vitamin tonic treatment, brings results often in just half the usual time!

One reason for this marked superiority is that Ironized Yeast, besides containing just the right amount of all three essential vitamins, contains a type of yeast which is positively no equal as a reconstructive agent—a yeast which is cultured expressly for medicinal purposes, and which is entirely different from the yeast found in ordinary "yeast tablets."

Yeast Best When Ironized But even more important than this is the fact that this yeast has been ironized—or treated through a scientific process with a special form of easily assimilated organic iron, similar to the iron found in spinach. When yeast is ironized in this manner it is found that results are not only more permanent, but are secured just twice as quickly.

Watch the Quick Improvement You will certainly be amazed at the quick improvement IRONIZED YEAST shows in you. Note how it immediately increases your appetite and how quickly you begin putting on good firm flesh. See how quickly pimples, blackheads, etc., disappear and how your newly acquired "pop" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset your stomach. Special directions for children.

Money Back Guarantee IRONIZED YEAST is sold at all drug stores on a positive guarantee that the first package will bring satisfactory results—or your money instantly refunded. Or mail coupon for the amazing Three Day Free Trial Treatment. In either case you do not risk a single penny to learn of the wonderful benefits Ironized Yeast holds for you. Get it today!

Warning! Due to the marked superiority of Ironized Yeast it is being widely imitated. Ironized Yeast is entirely different from ordinary combinations of yeast and iron—or yeast and iron taken separately. There is only one genuine Ironized Yeast. Insist upon it always—for nothing else can be like it.

HIGHLY CONCENTRATED VITAMINE TONIC

MYSTERY CASE IN BROCKTON UNSOLVED

BROCKTON, Feb. 8.—Relatives of Clara Beauclaire, aged 18, of 66 North Main street, who has been dead for nearly a year, have determined to their satisfaction that a young Greek shoemaker, who worked at the bench next to a young woman before she was stricken with her strange malady, is no way responsible for her unusual condition.

Once while she was in a condition of mind, the young woman mentioned a Greek and in such a way that her friends thought she might be under a spell in some way. Her brother, James Beauclaire, finally located the young man and brought him to the house of his sister. Her actions, both before and after she was stricken, were apparently very strange, and when she was apparently a few minutes later, satisfied the relatives that a young man was not responsible for a girl's condition.

Since yesterday, when Clara awoke almost normal, being aware of the time, she has passed into unconsciousness. Her brother once succeeded in awakening her, as did Harold Sawyer, who first broke the spell yesterday and again performed the feat today.

The case is now as mystifying as it was when for several weeks. Nearly a score of local physicians and one Boston specialist have examined the girl and they are all at a loss to account for her condition. She talks in her sleep and even walks, twice having gone to the street. When she is awake she remembers nothing of what she said or did during the time she was in a normal as any young woman of 18.

P. E. Scobey, of San Antonio, Tex., close friend of President Harding, will be appointed director of the mint at expiration of Raymond F. Baker's term, May 18, Washington announces.

JAILED FOR TRYING TO VOTE ILLEGALLY

BOSTON, Feb. 8.—Because he admittedly tried to vote under the name of William Griffin at Tuesday's special election in South Boston, Thomas P. Dineen, of 8 Bollflower street, No. 10, Dorchester, was given a six months sentence in the House of Correction yesterday by Judge Day of the South Boston district court. The convicted man appealed.

Dineen, it is said, has admitted that he received \$100 to enter the polling booth in the South Boston high school and cast a ballot. His vote was challenged, with the result that he was arrested. Griffin, who arrived at the booth a minute after the arrest, was unable to vote.

LOWELL IRISH HISTORICAL SOCIETY

There will be a special meeting of the Lowell Irish Historical Society in Memorial hall Sunday afternoon, Feb. 12, at 3 o'clock. Important matters are to be considered, and a full attendance is requested.

MacBRAYNE WILL CENSOR PICTURE

Acting Superintendent of Police W. C. MacBrayne said today that he will censor the picture, "The Night Rose," being shown the latter part of the week at the Strand theatre. The picture was ordered stopped in other cities, I understand," said Mayor MacBrayne, "and I shall take the same steps here if need be."

WILL APPOINT MESSENGER
It was stated today in the office of Mayor George H. Brown that the mayor would appoint Hugh C. McOsker as chairman of the board of election commissioners within a very few days. The charter does not provide any confirmation on this appointment, which may be made any time after Feb. 1.

Normand Notes Recovered

an was not obtainable, the Los Angeles Times published today a statement that the Normand letters, with several telegrams, were in the hands of Mr. Dornan.

Miss Normand, who once searched the Taylor apartments for her letters and who is said to be ill, has been quoted as saying her only desire to regain possession of the letters was founded on a fear that some of the phrases in them would be misunderstood. She said she felt a strong friendship for the director, but there had been no serious love affair between them.

A second handkerchief found its way into the investigation when about the same time the detectives said they found the letters in a box in a closet in the Taylor apartments. Henry Peavey, Taylor's negro houseman, as suddenly found a handkerchief bearing the initials "M. M."

A handkerchief previously reported found near the body shortly after the murder was discovered but since said to be missing, was alleged to have borne the letter "S." It is regarded as improbable that a complaint charging murder will be issued against any person in connection with the case until the affair has been presented to the county grand jury, which has not yet been impaneled for 1922.

Meantime, although the sheriff's deputies profess to scout the theory that Edward F. Sands, former butler-secretary for Taylor, can throw any light on the case, the police detectives remain firm in their announced belief the mystery will not be solved until he has been found.

IRISH ON GUARD
Members of the Irish republican army are now on guard at Dublin city hall. Note they wear civilian clothes.

New Move in Welch Removal

The new proceedings, however, and that is the emphatically expressed opinion of the part of the members of the city council that the mayor and Mr. MacBrayne should attempt to terminate their consideration of the evidence now being presented at the public hearings on the matter of the Welch removal.

Inasmuch as Mr. Welch is vitally interested and affected by the mandamus proceedings, it is very probable that Qua, Howard & Rogers, attorneys for the deposed chief, will also represent him.

In some French rural districts, 80 per cent of the inhabitants own their homes.

sent the city council in the supreme court tomorrow before Justice Jenney. This will not be decided definitely until after tonight's conference of councilors, but Albert S. Howard said this noon that he will represent several of the councilors as individuals, but did not know whether or not some other lawyer would represent the council as a whole.

It is probable that the whole council will go to Boston tomorrow morning, despite the fact that it is said that it is not absolutely necessary, provided that they are represented by counsel. The plan now, however, is that all will go, probably on the 7:56 a. m. train. Mayor Brown and Mr. MacBrayne will make the trip by automobile.

The question being asked by council members today is:

"Who is going to pay the counsel retained by the mayor and Mr. MacBrayne?" and the intimation coming from the councilors was to the effect that they would fight to the limit any attempt to make the city bear the expense.

When John M. O'Donoghue, of the firm of Trull, Wier & O'Donoghue, was asked today how he happened to be retained by Mayor Brown and MacBrayne, he replied that he had been in conference with City Solicitor Edward J. Tierney and that inasmuch as the latter had expressed a feeling that the entire proceedings seem to constitute an inter-family affair, and one not to be handled by the solicitor himself, he had been retained by the two petitioners.

The entire action is being brought to test the right of the mayor to suspend the city council.

plant holder administrative heads of departments by making temporary appointments, the mayor holding to the belief that he has the right, under the provisions of the charter, to do so and that such temporary appointees automatically serve as "outsiders" of the holder's officers. He further holds that he does not interpret the charter to say that he is required to prefer charges against holdover officials.

It is the mayor's interpretation that all administrative heads were without tenure of office after 10 a. m. on the first Monday of January, 1922, and that at the present time such holdover heads simply are occupying their respective offices.

On the other hand there is Section 13 of the charter, which reads as follows:

"At 10 o'clock in the forenoon of the first Monday of January, 1922, the term of office of the present mayor, aldermen and school committee shall terminate. The terms of office of the present city auditor, city solicitor, chief of the fire department, superintendent of police, shall terminate at 10 o'clock in the forenoon of the first Monday in January, 1922. They shall continue in office, however, until their successors have been appointed, confirmed and qualified.

If the supreme court should rule that the writs of mandamus shall issue, that will automatically bring the Welch hearings to a close. The next session is scheduled for 8 o'clock tomorrow night, at which time counsel for both sides had been instructed to present their closing arguments. If the writs are denied, however, the council undoubtedly will lose no time in voting to reinstate Edmund Welch.

FARM BURDENS

Any Middlesex county farmer will tell you—and truthfully—that the average tiller of the soil has to bear pretty much the brunt of hard times and varying prices with reduced demands and prices for his products, just as heavily, if not more so, than many other businesses men endeavoring to withstand the persistent storm of adversity and "hard times."

Farmers have been accused of "dramatizing their troubles," but some of them are pretty real. Four months ago, according to President Howard of the Farm Bureau federation, the farmer's purchasing power on the basis of commodity exchange, was 65 per cent of the pre-war level. Two months ago it had dropped to 53 per cent. Index numbers tell the story, perhaps, in more comprehensive detail. For example, the farmer's products in June, 1921, were worth 13 per cent more than in 1912, making the index number 113. Other commodities in June stood thus: chemicals and drugs 256, house furnishings 250, fuel and lighting 187, building materials 202, clothing 180, metal and metal products 132, miscellaneous 130, all commodities 118. Ask the average farmer what the economic forces give him, and he is likely to reply that they give him a raw deal.

Slight relief was afforded the farmers by the recent activity in the grain markets and the rise in the last 90 days in prices of sheep, hogs and cattle. Their losses have been, indeed, great. When it costs \$1.50 to raise a bushel of wheat, which was the estimate for 1921—the Farm Bureau federation places the average at \$2—an advance in price from \$1 to \$1.18 is small consolation indeed.

There is a better outlook for the farmers of the country, however, notwithstanding past conditions. Farmers with margin enough to avoid foreclosure, moreover, are looking about for means to secure the best prices, and agents of the War Finance corporation have just been telling the farmers in the middle west that while corn sold straight through but 33 to 35 cents, corn marketed in the form of hogs brings 50 cents, for freight rates are then deducted. Strangely enough, high freight rates are now really encouraging mixed farming and dairying.

If 1922 brings lower production costs and higher markets, as has been predicted, the farmers may have a more profitable year. Hens and, to a lesser extent, but prices, are rising down slowly but surely. Seed is to cost less this year in many varieties offered by the great seed houses and producing plants, horses are selling at amazingly low prices, and farm labor is likely to be cheaper than last year. The government has just concluded a plan whereby credits are to be made easier for the farmer along lines suggested by the Federal Reserve board, and this ought to assure the legal position of co-operative marketing. The prospects for the farmer are actually brighter in every way from many standpoints, and with the promised economic restoration of Europe, American tillers of the soil are surely justified in expecting a return of conditions that will enable the farmer to make a fair profit.

The farmer usually has a pretty hard row to hoe, but most of the soil tillers have the courage that carries them along in hard times as well as in times of milk and honey. And we know of an man in this workaday world who ought to get more satisfaction out of life as a whole than the agricultural expert who knows his business and who knows how to profit by it. For it takes a man with brains not only to produce but to dispose of his products.

REVISING THE CALENDAR

Just as if he had nothing else to do, or as if there was any need of the change, Congressman Schall of Minnesota has introduced a bill in congress providing for a change in the calendar to make the year thirteen months of 28 days each with the old day to go uncounted as New Year day, presumably to be given up to jubilation and revelry to such an extent that it would have no real significance in the make-up of the new calendar. The additional day in 134 years would be skilfully treated but there are still a few seconds left over each year that in time would amount to an entire day.

The trouble with this calendar is that it has no scientific basis and it is inaccurate even in the days it would exclude from the count. What might be asked would become of the elderly day, the lunar month and other considerations entering into the proper measurement of time and having it agree with the precession time of the solstices and the vernal and autumnal equinoxes. This new proposition, reminds us of an amateur who took a clock apart and in putting it together again had several pieces left over that he could not place. Representative Schall would have one or two days uncounted each year and the errors of the present calendar amounting to one day in 400 years are entirely overlooked. We prefer the calendar that is nearly accurate to one that would prove convenient until it went so far astray that it would have to be rectified by special legislation.

GETTING AN EDUCATION

Reports from college students in various sections of the United States offer us some idea of the wide variety of methods adopted by many young

men in need of funds to raise this necessary "extras" with which to finish out their courses to the graduation period. Columbia college students apparently win the crown for being regular jack-of-all-trades. During the last college year, they earned more than \$100,000, according to figures made public in New York. This total was earned despite the fact that the general business depression cut jobs 55 per cent.

Trades to which students turned to do them over hard times included window washing, rug beating, snow shoveling, furnace tending, tutoring, clerking, coaching, athletic teams, stenography, chauffeurs, musicians, lecturers and waiters. One or two supplied their energetic blood for transfusions in surgical cases. This speaks for American youth and America's young men with ambition enough to work their way through college when all other help is denied them. And the colleges report thousands of applications from would-be students that cannot be filled.

It has been said that during "hard times" more young men turn to education. We believe there is a steadily growing demand for educational facilities everywhere, but not because of any backward tendency in business occupations or employment opportunities.

"THE FLU"

The flu epidemic that is going the rounds in some communities, especially New York City, is a different disease from the deadly Spanish influenza of three years ago.

This is announced by Dr. William H. Park. He has charge of the research laboratories of New York's health department.

The Spanish flu of 1918-19 took its heaviest toll among the middle-aged.

Flu this winter is mild. Its mortality is slight. Most of its victims are the aged and very young. It is really the Russian flu, like the epidemic of 32 years ago. Then it was called "la grippe."

To dodge it, get plenty of fresh air. Don't over-eat. Don't neglect a cold. If it gets bad, consult a reliable physician.

Above all, don't worry. Nothing is deadlier than worry in lowering the body's resistance against germs.

OPERA BOUFFE REVOLUTION

That was a peculiar form of direct action adopted by the unemployed at Poplar, England, when the Board of Guardians were locked in their rooms and kept till 4 o'clock next morning listening to speeches and communistic songs from the leaders. The unemployed demanded that the weekly dole should be doubled; but the Guardians had no money and no credit. Thus the opera bouffe revolution failed in its purpose; but it may portend a more radical movement.

And now Mayor Brown's appointment as superintendent of ash collection will have to qualify under the civil service laws and may have to explain the multi-bacteriological transference of ashes from domestic receptacles to municipal dumps and also to tell just how long under a given velocity of the wind, it will take to diffuse a load of ashes over the surrounding neighborhood. The law requires some evidence of fitness to handle a municipal job effectively.

It is reported that President Harding is inclined to accept the invitation to have the United States represented at the Genoa conference. Not knowing what the conference means to do, we believe the United States should keep out of it. There is enough in the home situation to keep the philanthropists of Washington busy for some months to come.

Mayor Brown is starting court proceedings in a fight for the municipal office. Apparently this contention is taking precedence over the important business of the city. Will the city have to bear the expense of this needless litigation?

Only Amoscook county, Me., could stage a potato roast worth \$300,000. The owners who lost their stock without insurance have been most unfortunate. It is not good policy to keep potatoes stored too long, particularly when uninsured.

The "soul mate" business as illustrated in the Garland case is simply an outbreak of free love and should be repressed.

Undoubtedly the next time the Sacred college has to elect a pope, the balloting will be delayed until the foreign cardinals have time to reach Rome.

And now the League of Nations will discuss disarmament; but can it enforce its decisions upon its members? Without ability to do that its decisions will be worthless.

Frederic Palmer insists that France must remain a military power. Nobody will object to that idea; but France cannot afford to show any indication of the militaristic spirit that caused the downfall of Germany.

Make false charges and compel the parties affected to refute them and you do an injustice. Yet that seems to be what Senator Watson has done in charging that American soldiers were shot in cold blood by their officers in France.

Violations of the football regulations will soon become as serious as those of the prohibition law.

Dog Wasn't Dead
The swain and his sweetheart had just encountered a bulldog that looked as if his bite might be quite as bad as his bark. "Why, Jerry," she exclaimed, "as he starts at a strategic retreat, 'you always swore you would face death for me.' 'I would,' he flung back over his shoulder, 'but that dog don't die!'"

Feet Too Large
Two managers were discussing the possibilities of a certain candidate for Chief of Police in certain city. They admitted she had her share of good looks, but, said one, dubiously knowing the lady's weakest point: "Do you think she could get her feet into the crystal slipper?" "She couldn't get into the Crystal Palace," was the candid reply.

A Word A Day
Today's word is difficult. It's pronounced diff-ee-ent, with accent on the first syllable. It means—shy, timid, reserved, bashful. It comes from—Latin "dis," not, and "licere," to trust. It's used like this: "Convinced men are difficult in the presence of women."

So go and sail the gold sea, the bold sea, the cold sea, The waving, craving, raving, sea; The dashing, crashing, smashing sea, O, go and sail the green sea, the keen sea, the mean sea— But if it's all the same to you, I'll stick around at home.

The swift turn of the night-wind's whim, And the twang of the hempen string, The sharp snap of the bayonet skin, And the spray that cuts and stings, The wild chorus the breezes lead, And the wave that creeps and creeps, And the old voice that bids me come— Come over the tamerless deep.

So go and sail the white sea, the light sea, the bright sea, The dashing, crashing, smashing sea, that dances in the gale; Go on and sail the red sea, the bad sea, the mad sea— But if it's just the same to you, I'll rather be in jail.

MAN ABOUT TOWN

Commentators on the Acton line of the N.Y.N.H.E.R. railroad note several changes in the trainmen's personnel of the passenger service between this city and Framingham this winter. Several well known trainmen, popular with Lowell, Chelmsford, Acton, Gardville and Concord Junction commuters for quite a long period of time, are now running on other divisions. A trip "down this line" last week by the Man About Town proved a little lonesome, in some respects. For instance, smiling, popular Conductor Jack Wright was missing, having been transferred at his own request. It is said to another New Haven line. Everybody along "the right of way" into Lowell over the Old Colony division knew this conductor. He was especially popular among trambmen and track hands. His appearance at the South Lowell yards every morning was always a signal for merry jokes, sly things and a bunch of "badce" chatter, that the passengers on this train always enjoyed.

Mr. Wright was particularly fond of the Lowell driving club races in the summer months at Golden Cove, and sometimes had his family there, bringing them to the track in his Buick car.

The world's 15 greatest butterfly producing cows are listed by Professor W. W. Yapp of University of Illinois. Fifteen of them are in the United States! This is one of many proofs that the American farmer is the most progressive in the world.

It is taken so much for granted that it's rotten on the farms, besides this, he's constantly trying to produce more and better.

One of the Jerkys on Hoag's farm is among the foremost of the champion buttermakers.

I have just learned that Lowell has a firm of stereophotographers of its own which is prepared at all times to tackle work of this variety. Joseph Dunn, a paragon, erstwhile candidate for ward councillor and the proprietor of a variety store on Middlesex street, has

THIN BLOOD CAUSES

ACHES AND PAINS

Starved Nerves and Undernourished Muscles Cry Out for the Vital Elements That Can Be Furnished Only Through the Medium of Rich, Red Blood

Pains in the back are often mistaken for symptoms of kidney trouble and cause needless alarm. Doctors know that backache is seldom an indication of diseased kidneys. Just as pain around the heart is seldom a symptom of organic heart disease, backache generally results from indigestion and most backaches are caused by overwork and undernourished muscles. Build up the blood and the nourishment that the rich, red vital fluid will carry to the muscles and nerves will quickly relieve the pains of lumbago, neuritis, neuralgia and sciatica.

"About three years ago," says Mrs. Emma P. Thomas, of R. D. No. 1, Turner, Me., "I suffered a general breaking down of my health. The muscles of my back were sore and I was subject to sharp pains as though someone had jabbed my back with a pin. At one time I was confined to bed for nearly three weeks. My appetite was poor and I did not enjoy a mouthful of food. I was tired all the time and if I walked any distance I would be all out of breath. My sleep was disturbed and I was as tired in the morning as when I went to bed."

"I read about Dr. Williams' Pink Pills and as I had heard them praised highly I gave them a trial. I noticed that the first box helped me and the pain across my back was less severe so I continued to use the pills. Soon I could get up and down without that terrible cutting pain. My appetite became better and I grew stronger. Now I can do all my housework and am not bothered at all. My nerves are steadier and I sleep well. I believe that Dr. Williams' Pink Pills are the best blood builder anyone can use and I am glad to recommend them to others."

After-Effects of Influenza

Influenza often leaves its victims with thin blood, a condition which doctors call "anemic" and it is a very difficult matter to regain health and strength until the blood is built up. To do this a tonic is required and the experience of Mrs. Margaret C. Marston, of No. 7 Down street, Everett, Mass., will be of benefit to others. She says:

"An attack of the 'flu' left me a nervous wreck. My blood was in poor condition and I ached all over. I had no strength at all and I could not go upstairs without getting all out of breath. My appetite was gone, I did not sleep well, my complexion was sallow and I had brown spots on my arms."

formed a partnership with James Morning, and the two men have already done a couple of lousy jobs; one of them the painting of the tall tank at the fertilizer plant in South Lowell; the other for the American Sugar Refining company in South Boston. They are now working on the steeple of the Unitarian church at Billerica Centre, which is being repaired.

Patrons of the Chelmsford street car line are told in their praise of the street railway for adding the 11:35 p. m. car to the schedule. The car has been operating since Monday only but already the change is felt. Formerly the last car left Chelmsford at 11:15 p. m. This proved to be a bit too early for some of the residents of the section through which the line goes. The additional 20 minutes is a great aid according to the people using the car.

A red-haired person has about 90,000 hairs growing out of the scalp, so says a speaker at the convention of New England hair-dressers. The figure seems unbelievably large. Yet it is low. Brunettes average 110,000 hairs, blondes 150,000.

Scientific investigation has shown that a man's hair is as much a sign of his mental as of his physical condition. Future men all bald as eggs, is the prediction. If the scientists are right, the red-heads must be a super-race.

When you chip off a little ice from that 21-inch cake on your refrigerator porch next summer, don't forget that it helped to give men bread, butter and fuel that some of the husky workmen badly needed when they were called to go up on the river above the dam.

Announcement is made of the annual meeting of the Boylston Market association in Boston. How many old-time marketmen and farmers remember that old institution which was the forerunner of the Quincy market area now used by produce and market men? The "old Boylston market" had a real career in the heyday of its popularity, and many a prominent Boston marketman of those years laid the foundations of his success in the vicinity of that old institution now but a memory.

B. F. KEITH'S THEATRE

For a straight laughing show the one at the B. F. Keith theatre this week can't be beaten. With Dave Scott and Ralph Austin in that wonderful burlesque, "Things and Stuff" as the headlines, one just laughs all the way through, from act to act. Then there are Paul Hurrett and Nora Cunneen in "Looking for a Place" an act that is larded with very funny happenings. The domestic comedy, "The Dizzy Feists," played by Ernest Anderson and Marjorie Hunt, will be another big feature of the week. Jack Benny, who talks fun and who plays the violin, is another prime feature, and under the direction of the week are Kane & Grant, in a dancing turn, Harry LeVall and sister in acrobatics, and the Athens lads, eccentric comedians.

THE STRAND

"The Night Rose," the Goldenwyn melodrama from the pen of the famous novelist, Leroy Scott, will head the bill at the Strand beginning Saturday today. The power of a leader of the underworld is seen to reach into the very halls of justice and action, and the story is a favorite of the underworld. The climax of the picture story takes place in a magnificent ballroom, where the hero and heroine are to be married with his new life. It's a gripping and startling climax to a story that is punctuated by strange and unusual incidents. Lou Chaney and Leatrice Joy, two screen stars of note, are supported by a competent cast. All of the incidents of the story are said to be founded on actual happenings that have come to the attention of the author. The real Paris is shown in "The

Kid, you are blowin' too much kale, Wazzat you say—You gotta blow it, Or get the kibosh from your frair? You're in wrong, pal, an' otta know it. You ain't no piker? Sure—that's true, But, lissen, bo—don't be a hick, That little dame is workin' you, You're fallin' like a ton of brick!

Lissen, if she is on the square, She won't expect that you can spend Your money like a millionaire, But just the same she'll be your friend; Or if she is the other kind That cans you when your roll is gone She ain't, accordin' to my mind, The kind you want to spend it on!

Now, I don't mean you should be tight, I simply say, "Cut out the bluff!" Then if the girl fades out a sight You'll know she was a hard-boiled fluff. Don't go an' blow in twice your pay, But taper off a bit—go slow, An' if the lady slices away Why—you're in luck, kid, let'er go!

Don't waste no weepin' for her sake, But find another girl somewhere, For though some frills is on the make The most of them is on the square! (Copyright, 1922, The Lowell Sun.)

Pope Pius XI Foregoes Ceremony of the Facade Owing to Weather

Cold Wave Will Prevent Thousands From Seeing Exercises on Sunday

ROME, Feb. 8.—(By Associated Press)—The cold wave, which is the worst in the history, accompanied by a considerable fall of snow, has forced a modification of the coronation ceremonies Sunday, when Pope Pius XI will receive the triple crown.

It will necessitate the passing of the pontifical into the basilica without the customary ceremonial of the facade before the huge bronze door, when Cardinal Merry Del Val, as archbishop.

Kidney, Liver and Bladder Troubles Conquered Or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marsh-Root for kidney, liver and bladder troubles and now I have retired from active practice. I have made arrangements with adding druggists to dispense with this order of prescription at a moderate fee, on the money back if dissatisfied.

Beware of kidney disease—thousands of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have speckles floating before the eyes, itchy, itchy feet or moist palms, leakage or headache, you ought to get a bottle of Dr. Carey's Marsh-Root right away.

It has wonderfully benefited thousands of cases of kidney, liver and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

ST. Peter's, makes formal obeisance to the pope. Thousands will thus be prevented from seeing the pope passing in procession. Instead, His Holiness will enter immediately into the chapel of the Holy Sacrament, where the late Pope Benedict lay in state. There Cardinal Merry Del Val will render homage to the pontiff who will descend from the papal chair, bow to the shoulders of the red-robed ushers.

The pope personally ordered this modification, because of the serious consequences on account of the cold which might follow if the pontifical procession were held in the open facade. It was announced in some quarters that His Holiness, after being crowned, intended to appear in the facade of St. Peter's wearing the tiara, the symbol of pontifical sovereignty, and bestow the benediction on those unable to gain admission. He would thus break the custom followed by his three immediate predecessors, who after the gift with the Italian government, never appeared on the facade. This rumored innovation is authoritatively denied by the Vatican.

The personal effects of the pope have been taken to the apartment occupied by him during the conclave. He is still residing there, before establishing his official residence on the second floor of the Vatican. His private apartment, on the third floor, will be occupied as soon as it can be placed in order.

The pontiff's brother, sister and nephew left Milan last night and are expected to reach here Thursday, so that they will be present at the coronation. His Holiness received several messages from the faithful.

MURRAY HELD FOR KILLING OF OFFICER
BOSTON, Feb. 8.—(By Associated Press)—Daniel J. Murray, the negro who shot and killed Policeman Daniel J. McShane of the Lagrange street station on January 21, appeared in the municipal court yesterday. Attorney Curtis J. Wright, who was retained by Chief Justice Allen of the superior criminal court to defend Murray, told Judge Murray that he would not waive examination, but would have a hearing. He said he wanted to get an outline of what occurred previous to the shooting.

One of the government witnesses called, after Mr. Wright examined him, he said that was enough. Murray was then held for the grand jury and was taken back to Charles street jail. Murray was also held, as a matter of law, on a charge of assault and battery with a loaded revolver with intent to kill William Jackson, whose dispute with Murray started the trouble.

Policemen Olsen and Dalton, who were with McShane when he was killed, were in court but were not called upon to testify.

OLDEST REAL AMERICAN IS LAID TO REST
CASS LAKE, Minn., Feb. 8.—The body of Ga-De-Nah-Cewin-Wence, America's oldest Indian and probably the oldest man in America, was buried here today with simple services, according to the white man's creed, and with none of the rites of his tribe. He was in his 138th year. During the funeral ceremony, business here was at a standstill. Indians from all parts of the northwest thronged to the town to pay their respects to the Chippewa chieftain.

dent in question was Frank Scargis. Several witnesses were heard today. Frank J. Merrill of Braintree testified to witnessing the fatal occurrence. He saw the victim leave the sidewalk, and the man "falling in the street." He heard Mr. Albert leaving his home, but did not see the accident. He saw the man taken to the hospital and said he was alive at the time. He stated, on cross-examination, that he had seen the man step back to avoid the machine, and turned his head away, considering an accident inevitable. He was on his way to work at the Bleachery when the accident occurred.

William Jones, a shoemaker, said he was going from Cedar street to Davis square, and was at Crosby street when his attention was attracted. The automobile was turned toward the north when he saw it. After the collision, which he had not witnessed. Both witnesses agreed the street was very slippery.

Judge Pickman ruled there was no evidence of criminal negligence, and ordered Mr. Albert discharged. William A. Hogan, Esq., appeared for the defense and Deputy Downey for the prosecution.

BARS "JAZZ" AT PUBLIC DANCES

CLEVELAND, O., Feb. 8.—Jazz music and all forms of emotional dancing, that he abolished in Cleveland public schools, was the decree of H. G. Jones, superintendent of schools. "The jazz situation, as a whole, is not worse than last year," said the schools' superintendent. "But I find that the dress of some school girls is more extreme—the skirts a little shorter and the necks a little lower. Girls who dress like this and who are professed in jazz dancing are the ones most sought after by the boys. The purpose of the school dances is to provide entertainment for all the pupils on an equal social basis. Clothes and ability to dance modern jazz should not be the cause of one girl's popularity and of another's sitting out every dance."

LONA CONING, Md., Feb. 8.—Arthur F. Smith, principal of the Central high school, placed a ban on the use of powder and paint by school girls. He announced that girls coming to school wearing "rolled hair" or "socks" would be subject to dismissal. "I know of only two cases that should use paint or powder. These, he said, were women over 30 years of age or extremely ugly girls."

Years of study and observation convinced me that I could safely and effectively relieve a bad cough and give instant relief in Bronchial Asthma. Guaranteed harmless. Used with complete satisfaction in the

Prevention of Influenza

AUTHORITIES agree that its ingredients are GERMICIDAL, ANTISEPTIC, STIMULATIVE. AMERICAN PHYSICIANS who have used these tablets in their practice for years have recently written us as follows:

"I have treated about 100 influenza cases followed by several Pneumonias, with excellent results in every case." "In the last year I have known them to have always felt safe in any Pneumonia case."

"I am out of Oxidaze, and I would like 1000 tablets. I have cured hundreds of my patients, send soon as possible as I need them right away." "I am having six to eight cases daily and all doing well under the Oxidaze treatment."

"I feel absolute proof from users. Waterbury, Ct. No asthma, thanks to Oxidaze." "Salem, N. Y. We find it all you claim. Healthful. Got. Am well pleased with results." "Greenville, N. C. More help than from anything." "Somerset, Mass. It gives full satisfaction." "Detroit, Mich. It has benefited me greatly." "Worcester, Mass. It is worth thousands to me." "Keene, N. H. I speak in highest praise of it." "Penton, Mich. I got nearly instant relief." "Howell, Mich. For asthma best thing I've found." "Cincinnati, O. It is a wonderful medicine." "Smith, Omaha, N. Y. Delighted with Oxidaze." "Hillsdale, Mass. Cough gone, gained eight lbs."

Here you have the scientific opinion of the best AUTHORITIES ON THERAPEUTICS, the statements of broad-minded AMERICAN PHYSICIANS of large practice and long experience of actual USERS OF OXIDAZE who have bought the tablets and tried them out for themselves.

What better evidence can be desired than that Oxidaze tablets will do all that is claimed for them? Buy a bottle, keep them in the house and use them as a preventive whenever you are exposed with any of the diseases mentioned.

REUNION AND CONCERT

Fine Entertainment Under Auspices of St. Michael's Parish at Associate Hall

Standing room was at a premium in Associate hall last night when the grand reunion and concert of St. Michael's parish presented its initial feature, an excellent entertainment, and during the general dancing which followed the floor was densely crowded until the midnight hour, when festivities were brought to a close.

The outstanding features of the reunion were the concert and prettily

Do You Have Backache Over Kidneys? Limbs Swell? Try to Follow Mr. Agans' Advice

Albany, N. Y. "Ever since my early boyhood I have suffered from weak kidneys and as I grew older they became worse. I got so I suffered continually with backaches, my limbs would swell, my joints became stiff with rheumatism and my bladder became weak. I would have to quit my work entirely several weeks at a time. I was all in and nearly 'down and out' with this ailment. Nothing seemed to give me any relief although I tried everything I could hear of in the medicine line. I was finally advised to try Dr. Pierce's Anuric (Kidney and Bladder) Tablets and through the persistent use of this medicine I was completely cured of all my kidney ailment and bladder weakness and I have never had any trouble from these ailments since. The Anuric Tablets have made a new man of me and I never fail to recommend them when I hear a complaint from anyone suffering with kidney or bladder trouble. Before I took Anuric I had almost given up hope of ever getting better, but, thanks to Dr. Pierce's Anuric, I am in good health and able to work every day." Morton E. Agans, 464 Wash. ave.

After the concert, the crowd gathered about the various booths and offered their generous patronage throughout the evening. "Burkers" were assigned to each table, able "hallies" men who never allowed the crowds about the tables to lose interest and fall away. Arranged about the hall, side by side, they lent added beauty to the pink and white decorative scheme on the balcony.

Rev. John J. Shaw, the pastor, and his three assistants, Rev. James F. Lynch, Rev. Francis J. Mullin and Rev. Thomas J. Heagney were present during the evening, mingling with the parishioners and receiving them upon their entrance.

concert program and dance order were in the center of the book, which was bound with heavy, gold embossed covers, the front cover containing an allegorical representation of a Gothic spire with the chimneys ringing out "Auld Lang Syne." Two excellent views of the new school building, which the parish proposes to erect, and for whose financing the proceeds of last night's reunion were dedicated were contained in the book.

Announcement was made that the drawing for the Buick automobile for which many tickets were sold would be held in Lincoln hall on the evening of Feb. 15. This now becomes the absorbing matter of interest to holders of tickets.

The credit for the success of the affair is largely due to the various committees' efforts, ably seconded by Rev. Francis J. Mullin and the other priests of the parish. The committees follow:

General manager, John F. White; assistant general manager, James Mullin; floor director, Thomas A. Heath; assistant floor director, Martin Cordingley; chief aid, Miss Frances Foley; aids, John J. Coughlin, Joseph Riley, James F. Loftus, Miss Belle Hoark, Mrs. Alice Coughlin, Miss Margaret Hart.

ANNUAL DANCING PARTY BY BOY OFFICERS

The thirty-first annual dancing party by the boy officers of the Lowell High School Regiment was held last evening in Colonial hall. Guests included visiting officers from Stoneham and Wakefield, members of the faculty, school committeemen and women and Mayor George H. Brown.

Of late years the annual ball has been held in the school assembly hall, but the floor there hardly is suitable for dancing now and while Colonial hall does not offer nearly so large a dancing surface it is infinitely more attractive.

As always, the opening march was a happy feature, participated in by the regimental officers and the girls of their choice. It was led by Capt. Guy P. Butler and Miss Dorothy Farley.

The matrons were Miss Mary A. Webster, Mrs. Mack, Miss Stevens, Miss Eiskine, Mrs. Henry H. Harris, Miss Mary C. Joyce, Miss Maguire and Miss McLannan.

The regimental officers in charge were: General manager, Capt. Guy P. Butler; assistant general manager, Capt. Roland V. Crowley; chief aid, Capt. Henry F. Henry; aids, Capt. Everett H. Humphreys, William H. Horney, Francis S. McDonough, James B. Geary, David E. Connors and Foster H. Richards and Lieuts. Frederic C. Laite, Philip D. Payton, Lincoln Martin, V. F. Hobe, Daniel C. Hanson, Garret E. McAdams, Raymond A. Sullivan, Leo J. Monty, Burton D. Bryant, Edward F. Anglin, Cad T. Carlson, James B. Busby, William C. Hamel, Edward B. Daley, George S. Garvey and Osborne A. TEACHERS INSPECT NEW MOREY SCHOOL

An inspection of the New Morey school, followed by adult games in the basement hall, and a dainty lunch featured the gathering of the members of the Teachers' organization at the new school yesterday afternoon, as guests of the teachers of the district.

Miss Caroline Downey, presided at a routine meeting of the organization, which started promptly at 4.30. Then followed the inspection of the new building, which proved a treat to the members, so many excellent improvements and changes having been made in the last few months.

After the inspection the members assembled in the basement hall, and enjoyed games under the supervision of Donald R. MacIntyre, supervisor of physical instruction in the public schools, assisted by the other physical directors engaged in the various districts. An excellent luncheon followed, with plenty of appetizing things for the satisfaction of the visiting members. Campbell's orchestra rendered a splendid concert program during the games and refreshment period. The entertainment committee was headed by William W. Danner, master of the school, and Miss Grace Scribner was chairman of the reception committee. The refreshments were provided by a capable committee under the direction of Miss Minnie Gray.

The beautiful decorations about the school were the result of the efforts of Miss Gray and Miss Scribner. Mrs. Hugh J. Molloy and Mrs. William W. Gray.

"MEMBERS' NIGHTS" SERIES
Rev. David J. Murphy, pastor of St. Andrew's church, North Billerica, was the speaker at the first in a series of "members' nights" at the Father Mathew Total Abstinence society held last evening in the quarters of the organization. The affair was presided over by President Edward Collins and entertainment numbers were given. The committee in charge consisted of Charles Mooshan, J. P. Mallon and Thomas F. Sheridan.

PELLETIER DEMANDS A TRIAL BY JURY

BOSTON, Feb. 9.—District Attorney Joseph C. Pelletier demands a trial by jury on the charges made against him by Attorney-General Allen, who claims that Mr. Pelletier improperly influenced the grand jury to return an indictment charging him with the larceny of \$155.49 from Mrs. Nellie T. Olsen, wife of an officer on one of the Nantasket steamboats.

Mr. Pelletier, who was represented in court before Judge Fessenden yesterday by Assistant District Attorneys Sheehan and Lyons, objected to permission being given to Herbert Parker, counsel for Mr. Allen, to file

a plea in abatement. This plea set up the charges concerning the method in which the indictment was obtained. In support of his plea and as founding a basis for its being filed, Mr. Parker called Jeremiah A. Desmond, foreman of the grand jury and made this declaration: "This is a case of larceny if ever I saw one." Mr. Pelletier then left the room and the grand jury voted a no bill. A reconsideration of this vote was then asked by one of the jurors and a true bill was then voted. Mr. Pelletier was not in the room at the time, it was said.

Judge Fessenden was then asked not to permit the plea to be filed on the ground that the charges in the plea had not been sustained. Judge Fessenden, however, said it was clear to him that he should receive the plea and allowed it to be filed.

Mr. Lyons then asked for a jury trial of the facts surrounding the return of the indictment. This raised a novel question of law. Herbert Parker stated he had never heard of a similar case. Judge Fessenden will hear arguments some time between now and Monday morning on the law and the evidence will be given then either to him or to a jury.

LEVIATHAN CONTRACT HELD UP ONCE MORE

WASHINGTON, Feb. 9.—Award of the contract for the reconstruction of the Leviathan will be held up, Senator Lodge was assured yesterday, until congress has an opportunity to set finally upon a provision in the execu-

Fire Does \$600,000 Damage in Montreal

MONTREAL, Feb. 9.—The Standard Fire Assurance Co.'s building on St. James street, in the heart of the business district, was destroyed by fire today. The loss was estimated at \$600,000.

No Wonder Their Collars Are Dirty!

MOSCOW, Feb. 9.—Starched collars and shirts continue to be classed as luxuries in soviet Russia. A collar costs from 30,000 to 40,000 rubles, new, and the laundry charge for restarching is 20,000 rubles.

"Bobbed Hair Stenogs" Have Many Rivals

GENEVA, Feb. 9.—An indication of the straits in which many European noble women find themselves after the war is given in the experience of the American wife of a Geneva banker who advertised in a Munich newspaper for an educated woman secretary with a good knowledge of languages. More than 600 replies were received from all parts of Germany and Austria. The applicants include three princesses, nine baronesses and 30 countesses, but the majority are widows or daughters of former high officials. Most of the letters relate pathetic stories, and many of the applicants want no salary—only a comfortable home.

Striking Railwaymen Postpone Action

CORK, Feb. 9.—The striking railwaymen at a mass meeting last night decided to postpone until Friday, their announced plan of taking over the railway lines and operating them themselves. Last night had been set as the time for seizing the lines.

Old French Bank Suspends

PARIS, Feb. 9.—The suspension of Claude Lafontaine, Prevost and company, one of the oldest private banks in France was announced today. It was capitalized at 25,000,000 francs of which 10,000,000 francs was paid up. The liabilities are placed at 15,000,000 francs.

Orlando Fails to Form Cabinet

LONDON, Feb. 9.—(By the Associated Press)—Former Premier Orlando of Italy, who has been attempting to form a new cabinet in succession to the Bonomi ministry, has failed in his effort, according to an Exchange Telegraph despatch from Rome today.

five and independent offices appropriation bill, which would authorize the Charlestown and other government navy yards to bid for work on government vessels.

In the meantime an amendment to the appropriation bill practically restoring the house provision, designed to allow the navy yards to bid for this class of work, has been prepared and it is expected, will be offered by Senator Lodge.

It is further understood that the members of the senate appropriations committee have consented not to oppose this amendment, although the committee, in reporting the bill, struck out the house provision.

The New England senators are strongly interested in this provision and are expected to support it practically solidly.

PRASED INTEGRITY OF LOCAL MERCHANTS

Some of the rocks in patently undesirable and untruthful advertising channels in some eastern cities, also guideposts along the course of honest advertising methods of a public, semi-public and private nature, were explained in a talk with good measure of free advice at the dinner of the Lowell Ad club yesterday at the Colonial restaurant. Forty-eight members of Lowell's latest association of live business men, sat down to the banquet and enjoyed from start to finish a half-hour talk on "Modern Advertising Methods," provided by C. K. H. Bunting of Boston.

Mr. Bunting gave several examples of poor and untruthful advertising methods played in some parts of the U.S.A. and Canada. He bluntly called the men who promoted untruthful advertising some pretty harsh names, but the Ad club men and others present at the dinner and discussion, agreed with everything Mr. Bunting said.

He declared that the time is at hand when advertising men in numerous instances in this country will have to change their tactics or be punished

"Them" Were the Happy Days

HARTFORD, Conn., Feb. 9.—"Please send me the address of Tom Sawyer," is the contents of a boy's letter addressed to "Mark Twain, Hartford, Conn." The letter, from a Middlesex, N. C., lad was received today by Frank G. Whitmore, former secretary of the great humorist. Mr. Whitmore, replying to the boy, explained that Mark Twain had been dead about 12 years.

by the use of legal weapons. The Ad clubs of the world, the speaker said, were ready to prosecute all violators of decent business codes who refused to mend their ways after being warned. The Ad clubs are to carry on the campaign for honest advertising methods from now on with considerable vigor, and Lowell men declare that they are ready to back up the campaign with every resource at their command.

Mr. Bunting had a fine set of testimonials to offer Lowell business men who advertise so extensively in the newspapers and other publications. He declared that he had plenty of evidence that local merchants seeking to extend their trade through the news prints, were keeping closely to the letters of uprightness, integrity and honesty in every way, and so far as known, he could say that for numerous other cities like Lowell, too, but was obliged to admit that in some sections of New England, honesty in advertising is not always practiced.

The Ad clubs plans for its dinner and speaking next Wednesday evening, the event to be held in the quarters of the Ad club, have been completed. The principal speaker will be Frank W. Black, of the William Pittence's Sons store, Boston. New advertising tips and suggestions will be brought by this speaker, who has a world-wide reputation and is considered one of the most noted men in the advertising business in this country.

LITTLE HOPE FOR SHIP ST. JOHN, N. B., Feb. 9.—There seems to be little hope today of saving the Boston-owned schooner Scudder, which capsized in the Bay of Fundy last week and is now lying on her beam ends off Change harbor.

RAND CONCERT APPROPRIATIONS The Massachusetts house has passed to be engrossed a bill allowing cities to appropriate in one year \$2500 for band concerts or for music for public celebrations. At the present time the maximum allowed is \$500.

Washington Investigates Russian Relief

WASHINGTON, Feb. 9.—Secretary Hoover was understood today to have submitted to President Harding a report on the activities of certain Russian famine relief organizations in this country and their supposed connection with the Russian soviet government. Many inquiries have been received by the department it was said, as to the connection between a number of famine relief organizations, collecting funds throughout the country, with the soviet authorities. In many instances, officials said, it was believed that prominent persons in different sections of the country had been induced to lend their names to some of these organizations as an aid to the famine relief work.

SUBWAY PATRONS MUST BUY ABOVE

NEW YORK, Feb. 9.—Subway patrons of the Brooklyn Rapid Transit Co., henceforth will have to buy their chewing gum, milk chocolate and tobacco before entering the underground stations.

The state transit commission announced today that it had ordered stopped the sale of everything, save newspapers and magazines, on the platforms.

Subway shopping interfered with passengers trying to board or alight from trains, it was explained.

POSTOFFICE INSPECTION

Boston Office Under Eyes of Washington Commission for Past Three Months

BOSTON, Feb. 9.—The fact that the Boston postoffice has been under inspection by a commission from Washington for three months, was made known today by Postmaster Roland M. Baker. The report of the inspectors, he said, called for new methods in local service, changes in personnel, reductions in the salaries of some officials and increases to others, and a tightening up in expenditures for overtime and auxiliary wages. Mr. Baker concurred in the findings, which will affect principally the supervisory personnel. The irregularities discovered were said to be mostly incorrect despatch schedules of long standing that were made for the convenience of the men.

"Another object of the inspection,"

Postmaster Baker said, "a primary object, is to standardize the postoffices all over the country. Boston included. In a nutshell, the inspectors are instructing each postmaster to follow the postal regulations and laws consistently, and in effect to remove the possibility of indifferent postmasters putting their own interpretations on their own prerogatives and responsibilities."

MUSCLE SHOALS PLANTS

Maj. Williamis, Chief of Army Ordnance Says Ford's Offer "Very Inadequate"

WASHINGTON, Feb. 9.—Major General Williamis, chief of army ordnance, testifying today before the house military committee described Henry Ford's offer of \$5,000,000 for the Muscle Shoals nitrate and power plants as "very inadequate." "The estimated scrap value of the plants, based on our experience of other large properties we have salvaged," he added, "is \$8,512,000. If a portion is made operative and the remainder salvaged, they would be worth \$16,272,000."

Referring to the Warrier power plant and sub-station, the general declared there was in his opinion a "moral obligation" on the part of the government to give the Alabama pow-

er company a right to purchase those properties before they were disposed of to other private interests.

AMERICAN CARDINALS ARRIVE AT ROME TODAY

ROME, Feb. 9.—Cardinal Dougherty of Philadelphia and Cardinal Begin of Quebec, reached Rome today. Cardinal Dougherty was accompanied by his secretary, Very Rev. Joseph A. Whitaker, and also by his niece, Miss Dorothy MacCormick, who joined him in Paris. The journey from Paris here was most disagreeable, the cold being so severe that the pipes in the party's sleeping car were frozen. At Pisa, the train ran into a snow storm which brought down all the telegraph wires.

The Italian government furnished an escort for Cardinal Dougherty from

Pisa to Rome, designating the commissioner of police detectives for this duty.

On his arrival here the cardinal went to the American college, where he will reside during his sojourn in Rome.

BOLD DAYLIGHT ROBBERY

Stockings Valued at \$55
Taken From Store in
Lakeview Avenue

A bold daylight robbery was committed in the dry goods store of Miss Maple Pavreau, 746 Lakeview avenue, late yesterday afternoon, when four young men succeeded in making their getaway with a lot of stockings valued at \$55. The thieves were followed for some distance by a brother of the storekeeper, Albert J. Pavreau, manager of Pavreau Bros., but they finally slipped away and the police are now on the lookout for them.

Shortly after 4 o'clock four young men entered the store. Two of the party went directly to the proprietor and engaged her in a conversation. In the meantime the other two went to another section of the store and filled a suit case with women's stockings. The four then left the store and it was only after they were gone that the theft was discovered. Miss Pavreau immediately telephoned to her brother, Albert, and the latter, after getting a description of the quartet, started out on their trail and located them in Moody street. He followed them with the hope of meeting a police officer, but when a point was reached near Suffolk street, the four separated and started on a run in different directions. The police were notified although they scouted around through the district they failed to apprehend the culprits. The thieves are described as being between 23 and 27 years of age, neatly dressed and all wearing soft felt hats.

Just what Mr. Hennessy's status is at present in an advisory capacity in the office of the city auditor cannot be determined. Mayor Brown said today that he had not been paid one cent so far and "it didn't look as if he would be paid."

Mr. Hennessy was in the auditor's office for a moment this forenoon and said he still was connected with the office in some capacity as far as he knew.

Several of the city council members have stated that they will oppose any compensation for Mr. Hennessy, adding that they do not feel that the mayor had any right to ask him to remain in the auditor's office in any capacity whatsoever.

MUST STOP JAPANESE INFUX TO THIS COUNTRY

WASHINGTON, Feb. 8.—If friendly relations with Japan are to be maintained, the United States government must effectively stop the continued admission of Japanese and the rapid increase of Japanese population.

V. S. McClatchy, publisher of the Sacramento (Calif.) Bee, declared in a statement today before the house immigration committee.

Mr. McClatchy declared the gentleman's agreement between this country and Japan should be cancelled, and this country should by treaty or legislation accomplish the intent of that agreement.

Although immigration from other countries had been sharply curtailed under the recent immigration act, Mr. McClatchy said, approximately 2500 Japanese have been permitted to come into the United States under the gentleman's agreement since that legislation went into effect. While the immigration of Japanese "picture brides" has been stopped, "in deference to public protest," he said, there are now coming to this country "in still greater numbers" what he described as "excursion brides." These, he declared, are "urged to forget many children in order that the race may be per-

petuated."

Mr. McClatchy asserted the Japanese in this country were "maintaining here a government within a government, most dangerous to American institutions."

NOTHING NEW IN LOWELL

MILL WAGE SITUATION

The notices reading "There will be a readjustment in this mill Feb. 13," posted in the various departments of the Bay State Corp. last week, are looked upon by the employees of the mill as being "mysterious" and tomorrow, so it was learned today, they will attempt to clear the mystery by having a committee wait upon the agent of the plant in an endeavor to ascertain just what is meant by a "readjustment of wages."

One of the employees of the mill stated today that he and his co-workers believe it is not right to post such notices, that if the company wishes to reduce wages, plain notices should be put up. "We sell our labor to the company," he continued, "and like in any other business we want to know just what the company will pay for such labor before we deliver the goods. It may be that the company is planning a new wage scale, graduating according to the nature of the work, but the plans of the company should be made known to the employees."

It is said that the committee that will wait upon the agent tomorrow morning will insist upon getting the desired information so that the matter may be discussed at the meeting of the Lowell Textile council tomorrow evening. It was also stated that in the event of a refusal on the part of the agent to divulge just what the plans of the company are, a strike vote affecting the Bay State will be taken tomorrow night.

The Loomfixers and the Weavers' unions will hold special meetings this evening for the purpose of taking a vote to either accept or reject the reduction announced at the Hamilton Mfg. Co. but the result of the vote will not be made public until tomorrow night. The weavers will vote on the wage question at a special meeting to be held tomorrow afternoon at 5.15 o'clock in Trades & Labor hall.

All Andover Sports Suspended

ANDOVER, Feb. 9.—All sports at Phillips-Andover academy were ordered suspended today as the result of a minor epidemic of grippe and colds among the students. Dr. Pierson S. Page, physical director and medical adviser, said that only a few of the 60 odd students afflicted, were seriously ill and that the action was taken as a precautionary measure. The order cancels a hockey match scheduled for today against the Harvard second team and the events of Andover Day at Yale Saturday.

British Indian Police Fire on Mob

LONDON, Feb. 9.—(By the Associated Press)—The British Indian police fired on a mob of 10,000 natives during a serious riot at Tiruvannamalai about 85 miles southwest of Madras, in the Tanjore district on Tuesday last, killing three persons and wounding eight others, says an Evening News despatch from Madras, filed Tuesday and received today.

Sweeping Victory for Farmer "Bloc"

WASHINGTON, Feb. 9.—Passage by the senate yesterday of the house co-operative marketing bill by a vote of 58 to 1, was viewed by many today as the most sweeping victory yet attained by the farmer bloc. The single opposing vote on the bill in the senate was cast by Senator Gerry, democrat, Rhode Island. The measure now goes to conference for adjustment of differences with the house.

Flee Fire in Night Clothes in 20 Below Zero

CARIBOU, Me., Feb. 9.—With the temperature 20 below zero, A. J. McFougal and his family escaped in their night clothes early today, when his large farmhouse and barn were burned. He also lost 50 tons of hay, a large amount of grain and farm tools, the loss being estimated at \$25,000, partly insured.

MAYOR AIMS TO OUST FRANCIS A. CONNOR

Another charter interpretation may bring a temporary annihilation from Mayor Brown for the office of inspector of public buildings, now held by Francis A. Connor.

This information came from close friends of the mayor today, who stated that there is a long-held in Section 20 of the charter regarding administrative officers.

They say that the mayor holds that this section, among many other things, provides for an "inspector of public buildings," which, according to this

interpretation, is an entirely new office, inasmuch as he alleges that the former office was entitled "inspector of buildings." The insertion of the word "public" makes all the difference in the world, the mayor contends, and, therefore, he is entitled to go ahead with a temporary nomination and oust the present hold-over incumbent in this manner.

FLU TAKES BIG DROP
Influenza took a sudden and decided drop in the city today. Only three cases had been reported to the board of health up until 2 o'clock this afternoon. Fourteen new cases were reported yesterday and 19 the day before.

Turn Case Over to Hennessy

Continued

on the contention of Mr. Regan that the award was far in excess of the extent of injuries. Objections filed by Mr. Regan remained the case and thus, much as Mr. Tierney cannot represent the city, Mr. Hennessy has been retained.

The plaintiff's claim grew out of alleged injuries received by a fall over loose canvas spread over bags of cement in Lawrence street, while the city was engaged there in paving the roadway.

Just what Mr. Hennessy's status is at present in an advisory capacity in the office of the city auditor cannot be determined. Mayor Brown said today that he had not been paid one cent so far and "it didn't look as if he would be paid."

Mr. Hennessy was in the auditor's office for a moment this forenoon and said he still was connected with the office in some capacity as far as he knew.

Several of the city council members have stated that they will oppose any compensation for Mr. Hennessy, adding that they do not feel that the mayor had any right to ask him to remain in the auditor's office in any capacity whatsoever.

BURRELL FILES SUIT AGAINST TREMONT CO.

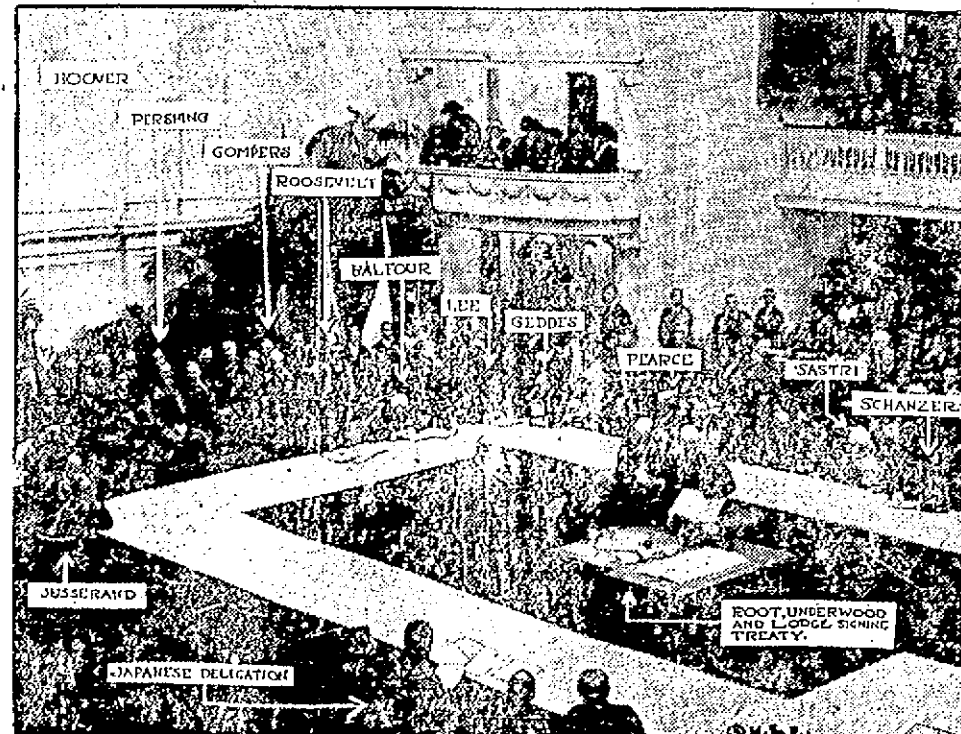

BOSTON, Feb. 9.—Former State Treasurer Fred J. Burrell filed suit for \$10,000 in superior court today against the Tremont Trust Co., as a result of his purchase of 50 shares of the institution's stock three days before it was closed by Bank Commissioner Joseph C. Allen in 1920. Burrell said he paid \$2250 for the shares.

Union Swick, vice president of the Tremont Trust, and his son, Benjamin H. Swick, treasurer, gave their assurance that the bank was sound and that the bank commissioner after an examination had approved its accounts. Burrell asserted in his petition.

Burrell said the Swicks allowed him to borrow \$5000 from the company for purchase of the stock, pledging as collateral a certificate for 50 although these officials knew that it was improper to loan on the bank's capital stock.

CONFERENCE POSTPONED

The conference scheduled to have been held last evening by representatives of the Lowell Contractors' association, building trades unions and a citizens' committee, was postponed until Wednesday evening, February 15.

Jeff Davis' Godson Buys Famous Pearls

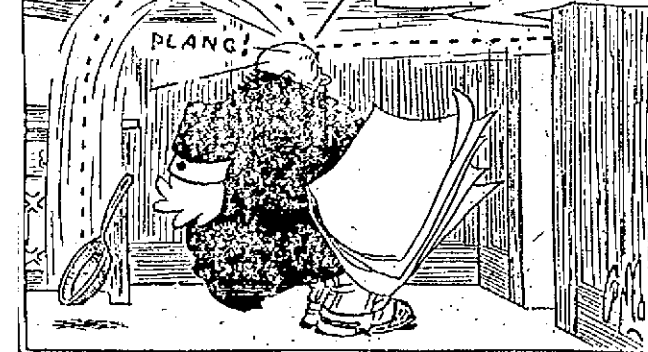

PARIS, Feb. 8.—(By the Associated Press)—The celebrated pearl necklace which once belonged to Maria Theresa, queen of Hungary, and which has been on display here, has been bought by Jefferson Davis Cohn of England for £200,000. Former Emperor Charles of Austria-Hungary pawned the heirloom, in Switzerland preparatory to leaving the country by airplane in his last attempt to regain his throne. (Jefferson Davis Cohn is a godson of the Jefferson Davis who was president of the Confederate States of America.)
